

## Year 3 Term 4 Newsletter

### English -

In English, we will be reading 'Fly Eagle Fly' where we will write a short story and a persuasive letter. In Reading we will be studying 'Sheep Pig' by Dick King Smith.

**Maths** - This term we will be looking at multiplying and dividing by 10 and multiplying 2 digits by 1 digit. We will be using the strategies outlined in the knowledge

organiser below. 

We will also be looking at money and building on previous knowledge to help us add different amounts of coins as well as working out change - see below for strategies

### Science

In science, we will be studying living things and their habitats. We will learn how to group living things, use classifying keys and look at changing environments.

### What else are we learning?

**ART:** Art: We will be working with shape and colour. We will learn that we can use shape and colour as a way to simplify elements of the world.

**PE-** Children will be developing their tennis skills this term.

**RE-** Children will be learning about key events in the Easter story and thinking about Jesus and Christianity.

**Music-** We are learning about a dragon song which incorporates our school values.

**Computing-** We will develop our understanding of what a branching database is and how to create one.

**PSHE:** Healthy Me

### Topic - Geography - It's raining It's pouring

- Locate the world's countries and their coasts and rivers, using maps to focus on Europe. Identify major cities across Europe and identify any rivers nearby.
- Name and locate counties and cities of the United Kingdom and their coasts and rivers.

### What do we need to remember?

- Read 3 times a week
- Practise multiplication facts every night
- PE and Outdoor learning will continue to be on a Monday & Friday - please make sure children have the correct kit

$60 \times 4 = ?$

If I know  $6 \times 4 = 24$   
then I know  $60 \times 4 = 240$   
because it is ten times greater

$6 \times 4 = 24$   
 $60 \times 4 = 240$   
 $6 \times 40 = 240$

$6 \times (10 \times 4) = 24 \times 10$

If I know  $24 \div 4 = 6$   
then I know  $25 \div 4 = 6 \text{ r}1$

If I know  $24 \div 4 = 6$   
then I know  $240 \div 4 = 60$

$17 \times 4$

$10 \times 4 = 40$   
 $7 \times 4 = 28$

$17 \times 4 = 68$

multiplier  
product  
partitioned  
dividend  
divisor  
remainder

$52 \div 4$

$52 = 40 + 12$   
 $40 \div 4 = 10$   
 $12 \div 4 = 3$   
 $10 + 3 = 13$

I know that 40 is 10 groups of 4

$10 \times 4 = 40$   
 $3 \times 4 = 12$

### Year 3 Term 4

spend  
pounds  
pence  
change

$50 + 20 + 20 + 20 + 10 = 120\text{p}$   
 $120\text{p} = \text{£}1 \text{ and } 20\text{p}$

$\text{£}5 \text{ subtract } \text{£}2 \text{ and } 65\text{p}$   
 $= \text{£}2 \text{ and } 35\text{p}$

$\text{£}2 \text{ and } 65\text{p} \quad \text{£}3 \quad \text{£}5$

I have  $\text{£}5$  and spend  $\text{£}2$  and  $65\text{p}$   
How much change?  $\text{£}2$  and  $35\text{p}$

Use an efficient method!

$500$   
 $-265$   

---

 $235$
