

## Year 4 Term 6 Newsletter

### English -

This term we will be reading The Land of Roar. Over the term we will be working on our prediction and inference skills.

In our writing sessions, we will be using Leon and the Place between as a stimulus.

We will be practising our use of fronted adverbials, subordination and direct speech to help us write a retell of the story. We will also then be writing a diary in the second part of the term.

### Maths -

In Year 4, we will be covering lots of different topics. To start with, we will be learning about time and converting different units of time followed by area and perimeter of different shapes. Our last two units will be looking at position and direction and statistics.

As well as learning these topics in our main lessons we will be revising multiplying and dividing by 10 and 100 and using the 4 operations to solve problems.

### Science – Inventors

This unit we will be looking at different inventors who have made scientific discoveries linked to the topics we have covered this year. We will be refining our working scientifically skills and embedding the science knowledge we have learnt this year.

### What else are we learning?

**ART/ DT-** We will be creating our own structures and making volcanoes linking to our geography topic

**PSHE-** This term's topic is 'Changing me'. We will be learning about changes that happen socially, physically and emotionally as we grow.

**PE-** We will be developing our skills in Athletics.

**RE-** We will be learning about Christianity and understanding the importance of going to church for Christians.

**Music-** We will be reflecting, rewinding and replaying. This will include listening and appraising, as well as learning about important vocabulary and history.

**Computing-** We will be learning how to stay safe online, online identities and ownership of what is shared online. We will also be developing our

### Topic –

In Geography this term we will be completing a unit of work called Extreme Earth where we will be learning about Volcanoes. In this unit we will be looking at mountains around the UK and then outside of the UK and comparing the sizes. We will then look at different volcanoes, earthquakes and tsunamis.

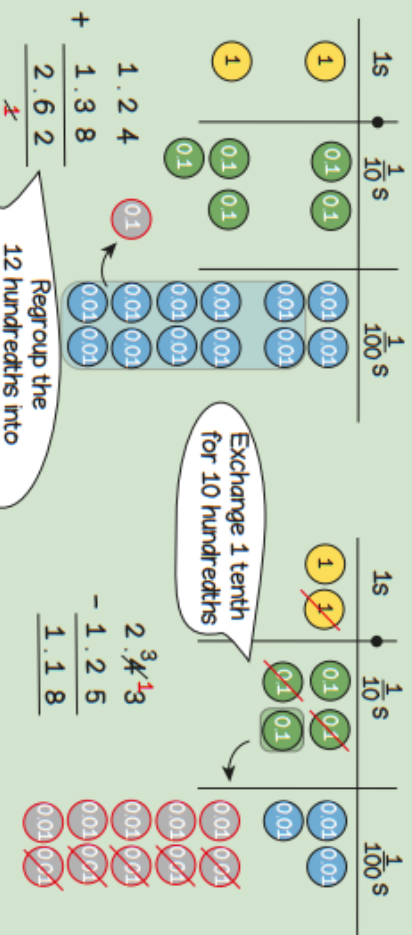

### What do we need to remember?

Read 3 times a week

Practise multiplication facts every night

Outdoor learning and PE will be on Thursday.

Remember you can be anything in the world...  
so be kind!

$0.54 + 0.32 = ?$

If I know  $54 + 32 = 86$   
then I know  
54 hundredths + 32 hundredths  
= 86 hundredths  
so ...  
 $0.54 + 0.32 = 0.86$

$0.9 - 0.4 = ?$

If I know  $9 - 4 = 5$   
then I know  
9 tenths - 4 tenths = 5 tenths  
so ...  
 $0.9 - 0.4 = 0.5$

I can calculate these mentally!

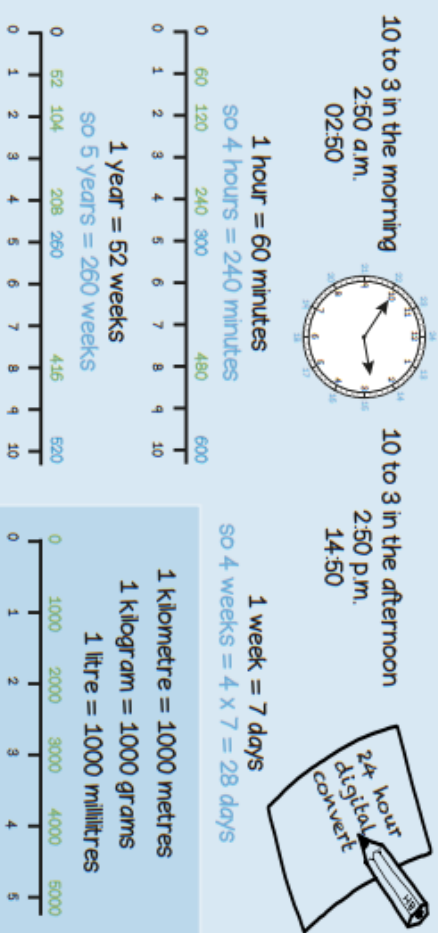

## Year 4 Term 6

### Coordinates (horizontal, vertical)

The coordinates of the points are:  
A = (1, 2)  
B = (2, 4)  
C = (5, 3)

Translate the triangle  
2 squares up and  
3 squares right

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20

Area = 20 squares

The area of a shape is the amount of space inside a shape.
