Please also refer to the Privacy Notices for pupils, staff and volunteers, the ICT and Communications Policy, the E-Safety Policy and the Staff Code of Conduct.

Purpose

Lilycroft Nursery School is committed to being transparent about how it collects and uses the personal information about staff, pupils, parents and other individuals who come into contact with the nursery, and to meeting its data protection obligations. This policy sets out the school's commitment to data protection, and individual rights and obligations in relation to personal data.

This policy applies to the personal data of children applying for a place at Lilycroft, attending Lilycroft and those who have left Lilycroft. It also applies to family members and emergency contacts whose data we hold.

This policy also applies to the personal data of job applicants, employees, workers, contractors, volunteers, interns, apprentices and former employees, referred to as HR-related personal data.

The school has appointed Sue Easterbrook, Project Support Officer, as the person with responsibility for data protection compliance within the school. She can be contacted at office@lilycroftnurseryschool.com. Questions about this policy, or requests for further information, should be directed to her.

Definitions

"Personal data" is any information that relates to an individual who can be identified from that information. Processing is any use that is made of data, including collecting, storing, amending, disclosing or destroying it.

"Special categories of personal data" means information about an individual's racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, health, sex life or sexual orientation and biometric data.

"Criminal records data" means information about an individual's criminal convictions and offences, and information relating to criminal allegations and proceedings.

Data protection principles

The school processes all personal data in accordance with the following data protection principles:

- The nursery processes personal data lawfully, fairly and in a transparent manner.
- The nursery collects personal data only for specified, explicit and legitimate purposes.
- The nursery processes personal data only where it is adequate, relevant and limited to what is necessary for the purposes of processing.
- The nursery keeps accurate personal data and takes all reasonable steps to ensure that inaccurate personal data is rectified or deleted without delay.
- The nursery keeps personal data only for the period necessary for processing.
- The nursery adopts appropriate measures to make sure that personal data is secure, and protected against unauthorised or unlawful processing, and accidental loss, destruction or damage.

- The nursery tells individuals the reasons for processing their personal data, how it uses such data and the legal basis for processing in its privacy notices. It will not process personal data of individuals for other reasons.

Where the school processes special categories of personal data or criminal records data to perform obligations or to exercise rights in employment law, this is done in accordance with a policy on special categories of data and criminal records data.

The school will update all personal data promptly if an individual advises that his/her information has changed or is inaccurate.

Child-related personal data

Personal data gathered is held in hard copy in children’s files, and electronically on the Schools Information Management System (SIMS) and on our Nursery Software - First Steps.

The period for which child-related personal data is held can be found in Appendix 1: Retention guidance.

The school keeps a record of its processing activities in respect of HR-related personal data in accordance with the requirements of the General Data Protection Regulation (GDPR).

HR-related personal data

Personal data gathered is held in the staff member’s personnel file (in hard copy or electronic format, or both), and on HR systems.

The period for which HR-related personal data is held can be found in Appendix 1: Retention guidance.

The school keeps a record of its processing activities in respect of HR-related personal data in accordance with the requirements of the General Data Protection Regulation (GDPR).

Individual rights

As a data subject, individuals have a number of rights in relation to their personal data.

1. Subject access requests

Individuals have the right to make a subject access request. If an individual makes a subject access request, the school will tell him/her:

- whether or not his/her data is processed and if so why, the categories of personal data concerned and the source of the data if it is not collected from the individual;
- to whom his/her data is or may be disclosed, including to recipients located outside the European Economic Area (EEA) and the safeguards that apply to such transfers;
- for how long his/her personal data is stored (or how that period is decided);
- his/her rights to rectification or erasure of data, or to restrict or object to processing;
- his/her right to complain to the Information Commissioner if he/she thinks the school has failed to comply with his/her data protection rights; and
- whether or not the school carries out automated decision-making and the logic involved in any such decision-making.

The school will also provide the individual with a copy of the personal data undergoing processing. This will normally be in electronic form if the individual has made a request electronically, unless he/she agrees otherwise.

If the individual wants additional copies, the school will charge a fee, which will be based on the administrative cost to the school of providing the additional copies.

To make a subject access request, the individual should send the request to office@lilycroftnurseryschool.com. In some cases, the school may need to ask for proof of identification before the request can be processed. The school will inform the individual if it needs to verify his/her identity and the documents it requires.

The school will normally respond to a request within a period of one month from the date it is received. In some cases, such as where the school processes large amounts of the individual's data, it may respond within three months of the date the request is received. The school will write to the individual within one month of receiving the original request to tell him/her if this is the case.

If a subject access request is manifestly unfounded or excessive, the school is not obliged to comply with it. Alternatively, the school can agree to respond but will charge a fee, which will be based on the administrative cost of responding to the request. A subject access request is likely to be manifestly

unfounded or excessive where it repeats a request to which the school has already responded. If an individual submits a request that is unfounded or excessive, the school will notify him/her that this is the case and whether or not it will respond to it.

2. Other rights

Individuals have a number of other rights in relation to their personal data. They can require the school to:

- Rectify inaccurate data;
- Stop processing or erase data that is no longer necessary for the purposes of processing;
- Stop processing or erase data if the individual's interests override the school's legitimate grounds for processing data (where the school relies on its legitimate interests as a reason for processing data);
- Stop processing or erase data if processing is unlawful; and
- Stop processing data for a period if data is inaccurate or if there is a dispute about whether or not the individual's interests override the school's legitimate grounds for processing data.

To ask the school to take any of these steps, the individual should send the request to office@stedmundsbradford.org.uk.

Data security

Lilycroft Nursery School takes the security of personal data seriously. There are internal policies and controls in place to protect personal data against loss, accidental destruction, misuse or disclosure, and to ensure that data is not accessed, except by employees in the proper performance of their duties.

Where the nursery engages third parties to process personal data on its behalf, such parties do so on the basis of written instructions, are under a duty of confidentiality and are obliged to implement appropriate technical and school measures to ensure the security of data.

Lilycroft Nursery School has in place the following security measures:

- Ensuring that hard copy personal data is kept in lockable cupboards with controlled access, with the keys held securely in the Communications room overnight. During the day the keys are the responsibility of the HR Administrator, and cupboards should be locked when not being accessed.
- Ensuring that the SIMS and First Steps systems (which hold staff and children personal data) is password protected, and administrators have different levels of access depending on their role within the team.
- Ensuring that CCTV camera screens (PC) that show personal data are kept in the Communications room/Site Managers Work Area and that they are not be visible except to authorised staff (Executive Head, Head of School, School Business Manager and Site Manager).
- Ensuring that PC screens are not left unattended and are "locked" when individuals leave their desk with a password required to unlock the screen
- Ensuring staff use encrypted memory sticks
- Ensuring staff are issued with a password and must log off when leaving work station and not disclose logins/passwords to anybody else.

On the occasions when documents with sensitive/personal data are removed from the site additional care must be taken e.g.

1. Direct transport
2. Non-copying of information
3. Remain in the possession of the staff member
4. Returned immediately following usage

Any documents or personal information sent by email must be via Galaxkey.

In addition, Lilycroft Nursery School will put in place appropriate measures for the deletion of personal data and manual records will be shredded. Hard drives of redundant PCs will be wiped clean before disposal, or, if that is not possible, destroyed physically (by Datacable).

This policy also applies to staff who process personal data 'off-site', e.g. if they are working at home.

Impact assessments

Some of the processing that Lilycroft Nursery School carries out may result in risks to privacy. Where processing would result in a high risk to individual's rights and freedoms, we will carry out a data protection impact assessment to determine the necessity and proportionality of processing. This will include considering the purposes for which the activity is carried out, the risks for individuals and the measures that can be put in place to mitigate those risks.

Data breaches

If we discover that there has been a breach of personal data that poses a risk to the rights and freedoms of individuals, we will report it to the Information Commissioner within 72 hours of discovery. We will record all data breaches regardless of their effect.

If the breach is likely to result in a high risk to the rights and freedoms of individuals, we will tell affected individuals that there has been a breach and provide them with information about its likely consequences and the mitigation measures it has taken.

International data transfers

We will not transfer personal data to countries outside the EEA.

Individual responsibilities

Individuals are responsible for helping Lilycroft Nursery School to keep their personal data up to date. Individuals should let the Lilycroft know if data provided to us changes, for example if a child moves house or a staff member changes his/her bank details.

Staff may have access to the personal data of other individuals in the course of their employment. Where this is the case, individuals who have access to personal data are required:

- To access only data that they have authority to access and only for authorised purposes;
- Not to disclose data except to individuals (whether inside or outside the school) who have appropriate authorisation;
- To keep data secure (for example by complying with rules on access to premises, computer access, including password protection, and secure file storage and destruction);

- Not to remove personal data, or devices containing or that can be used to access personal data, from our premises without adopting appropriate security measures (such as encryption or password protection) to secure the data and the device; and
- Not to store personal data on local drives or on personal devices that are used for work purposes.

Failing to observe these requirements may amount to a disciplinary offence, which will be dealt with under the school's disciplinary procedure. Significant or deliberate breaches of this policy, such as accessing employee or customer data without authorisation or a legitimate reason to do so, may constitute gross misconduct and could lead to dismissal without notice.

Photographs and video

General signed consent to take photographs or record images of children will be requested from the parent or carer on of enrolment their child (see Registration Form). The purpose for taking any images is to be clearly explained and agreed. The Registration Form also allows for parents to consent to their child's image being used in publicity materials (eg the website).

It should be recognised that some children will be more vulnerable than others, for example children with disabilities, children in care, those with a child protection or child in need plan. For a range of reasons, such children's security may be compromised more than others, and therefore extra precautions must be considered in such circumstances.

Staff must ensure that if they transport photographs out of the building, for example to work on children's records at home, that they use an encrypted data pen.

Training

Lilycroft Nursery School will provide training to all staff, students and volunteers about their data protection responsibilities as part of the induction process and at regular intervals thereafter.

Individuals whose roles require regular access to personal data, or who are responsible for implementing this policy or responding to subject access requests under this policy, will receive additional training to help them understand their duties and how to comply with them.
