

The Whizz Kids' trip to the Apple Store in Manchester

We went on the 201 bus to Manchester and got off at Piccadilly Gardens. Then, we walked into the Manchester Arndale and tried to find the Apple Store. Finally, we found our way to it. We met a man who was called Jake (he worked at Apple). He showed us how to play on Procreate and GarageBand. On Procreate, you had to take a photo of the person opposite you and trace and colour it. But on GarageBand, you had to make your own music with recorded sounds of real instruments. At the end, we got a yellow badge in the shape of an apple with a bite in it. After that, we went to KFC/SUBWAY. Then, we came back to school on another

201 bus (not the same one).
