Appendix 1: Accessibility audit

1. 1. Vision and values

We believe that all children and young people have the right to be healthy, happy and safe; to be loved, valued and respected; and to have high aspirations for their future.

2. 2. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled students can participate in the curriculum
- Improve the physical environment of the school to enable disabled students to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled students

Our school aims to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Please go to www.newham.gov.uk for further information relating to the Borough policy.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including SLT, the SENCO and School Business Manager and site supervisors.

3. 3. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled student faces in comparison with non-disabled students. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education and subsequently the Equalities Act 2010 identified that schools and Governing Bodies have three key duties towards students with a disability:

- Not to treat students with a disability less favourably for a reason related to their disability
- To make reasonable adjustments for students with a disability, so that they are not at a substantial disadvantage
- To plan to increase access to education for students with a disability.

This plan sets out the proposals of the Governing Body of the school to increase access to education for students with a disability in the three areas required by the planning duties in the Equalities Act:

- Increasing the extent to which students with a disability can participate in the school curriculum
- Improving the environment of the school to increase the extent to which students with a disability can take advantage of education and associated services
- Improving the delivery to students with a disability of information, which is provided in writing for students who are not disabled.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary.

Vision and values

Little Ilford School has high ambition for its students with disabilities and access requirements. The school expects students to participate and achieve in every aspect of school life.

We aim to provide a safe and friendly school community where our students are encouraged to become curious, courageous and resilient learners.

We inspire our students to discover, develop and celebrate their unique talents and abilities. 'We believe that every child can succeed.

We challenge and support our students to be resilient and to overcome obstacles, equipping them with the attitudes and skills that will enable them to achieve their personal best and prepare them for adulthood, and the future developing world.

At Little Ilford School, we take pride in our diverse and inclusive community. We create a stimulating learning environment, where positive relationships are at the heart of everything we do.

Little Ilford staff will empower students to be hardworking, independent, ambitious and kind.

Little Ilford staff will nurture confidence, passion and curiosity to enable students to strive for excellence throughout their learning journeys and their lives. Students will be proud of their achievements and understand that their actions have an impact. They will leave Little Ilford School equipped with the skills and knowledge they need for the world beyond and will be responsible citizens, who seek to be a force for good.

The expectation is that students will be:

- Determined
- Responsible
- Inclusive
- Valued
- Engaged
- Nurturing

Students and staff will embrace the school values of compassion, courage and commitment.

Our students are provided with a high quality learning environment so that each child achieves all that he or she can. We want all our students to feel confident and have a positive view of themselves and want students with additional needs to be able to access all elements of school life, including school clubs, activities and excursions. We recognise that we may have to do things a little differently to make this happen.

We are committed to taking positive action in the spirit of the Equality Act 2010, by removing disadvantages faced by students with a disability and eliminating discrimination. Through whole school training, all staff and governors will be aware of our duties to support children with disabilities, in line with the Equality Act 2010.

In implementing our Accessibility Plan, we will take into account the views, wishes and feelings of our students and their families. The school aims to identify and remove barriers to students with a disability in every area of school life and make all children feel welcome irrespective of ethnicity, cultural background, gender, or health differences. .

The school provides all students with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual students and their preferred learning styles; and endorses the key principles in the National Curriculum 2014 framework, which underpin the development of a more inclusive curriculum:

- Setting suitable learning challenges
- Responding to students' diverse needs
- Overcoming potential barriers to learning and assessment for individuals and groups of students.

Main priorities:

Increasing the extent to which students with a disability can participate in the school curriculum

- Ensure that teachers and Teaching Assistants have necessary training to teach and support students with a disability
- Ensure the classrooms are optimally organised for students with a disability
- Ensure all lessons provide opportunities for all students to achieve
- Check that all lessons are responsive to student inclusion and diversity
- Provide lessons that involve work to be done by individuals, pairs, groups and the whole class
- Ensure that all students are encouraged to take part in music, drama and physical activities
- Check that staff recognise and allow for the extra effort expended by some students with a disability i.e. lip reading for a deaf child, physical exercise for some disabled students.
- Ensure that all students can access computer technology
- Check that school visits are open to all
- Provide high expectations of all students
- Seek to remove all barriers to learning and participation

Improving the physical environment of the school to increase the extent to which students with a disability can take advantage of education and the associated services:

- Check the layout of areas allow access for all students
- Ensure that wheelchairs can access the whole building
- Check that pathways around the school are logical and well signed
- Ensure emergency and evacuation systems inform all children, alarms being visual and auditory
- Provide décor and signage suitable for all children and not confusing or disorientating to those with visual impairment, autism or epilepsy
- Check that all areas are well lit
- Check to reduce background noise for hearing impaired children
- Ensure furniture is selected and located to suit all children

Improving the delivery to students with a disability of information that is provided in writing for students who are not disabled:

- Provide information in simple language, symbols or large print for students who have difficulty with standard forms of print
- Ensure information is presented in user-friendly ways to students with a disability when working in groups
- Provide written information in different formats as required
- Ensure staff are familiar with technology and practices to support students with a disability
- Check preferences expressed by the students or their parents

Implementation and action plans In order to ensure that action is taken to meet the

Accessibility plan priorities

Little Ilford School will draw up an action plan to make things happen, which outlines how the requirements will be met.

Reviewing and revising

This scheme will be reviewed and revised every three years:

Definitions of Disability

A person has a disability if he or she has a physical or mental impairment that is:

- Substantial
- Long term and

- has an adverse effect on his or her ability to carry out normal everyday activities

The definition is broad and includes a wide range of impairments, including learning disabilities, dyslexia, diabetes or epilepsy where the effect of the impairment on the person's ability to carry out normal day-to-day activities is adverse, substantial and long term.

The definition can include a wide range of needs such as:

- Dyslexia (SpLD)
- Autism (ASD)
- Speech, language and communication needs (SLCN)
- Social, Emotional and Mental health needs (SEMH)
- Attention Deficit Hyperactivity Disorder (ADHD)

Activities such as:

- Mobility
- Manual dexterity
- Physical coordination
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing and eyesight
- Memory or ability to concentrate, learn or understand
- Perception of risk of physical danger

Some people are automatically covered by the definition: those with cancer, multiple sclerosis, HIV infection or a severe disfigurement.

Details of disability can be collected in the following ways:

- Students – from SEND register, medical record sheets and entry data sheets (SIMS)
- Parents/carers – from disclosure to the school or from data entry sheets.
- Staff – disclosure to the Headteacher in confidence.
