4<sup>th</sup> March 2021

Dear parents/carers,

We're really looking forward to having the students back next week. They will be coming in gradually, a year group at a time. On the first day back they will be tested, wait for the result and go home again. This won't take any more than half an hour. The students should enter the school from **the back of the sports hall in Rectory Road**. The testing schedule can be found [here](#).

The testing will help to keep everyone safer. But we can't test your child without your permission. Information was sent out via ParentMail on Monday 1.3.21. Please ensure you have read, signed and submitted the consent form before your child returns to school. If you didn't receive the ParentMail please let the school know by emailing [info@littleilford.org](mailto:info@littleilford.org) or sending a message via the MyEd app.

The day after the students have been tested they will be in normal lessons, using the same starting and ending times that we used last term. For a fuller explanation of what is happening in the week beginning 8th March, click [here](#).

Please remember that parents and carers shouldn't come into the school with queries or to bring forgotten items into school. This is to reduce the risk of infection. Instead, please email us on [info@littleilford.org](mailto:info@littleilford.org) or use the MyEd app.

Newham are organising a session to support parents and carers over their children restarting at school. The session is tonight at 6pm. If you are interested in attending please click [here](#).

Year 11 students who are interested in joining a conversation with MP Stephen Timms about the government's GCSE grading system should click [here](#).

We are really looking forward to seeing your children again and getting back to something that is as close to normal as possible.

Kind regards,

Ian Wilson  
Headteacher
