17th March 2021

Dear Parent/Carer,

## KS3 Year 8 Science

I am writing to inform you that your son/daughter will be sitting their first KS3 Science exam after the Easter Holidays (dates will be confirmed nearer the time):

**Exam 1 – April 2021**  
**Exam 2 – June/July 2021**

Each exam will include units from all three Science topics covered. Throughout the year they will be encouraged to recall scientific content from September. The Mocks will be taking into consideration the time away from in person teaching and the issues that lockdown has caused, but they will cover all topics students have been taught both in person and online. Students will also be provided with a revision pack to complete over the Easter Break.

The following table lists the topics being covered in the Mock:

Biology	Chemistry	Physics
Cell Biology 2	Particles 2	Energy 2
Organisation 2	Atomic structure 2	Electricity 2
Reproduction 2	Structure and bonding 2	

Please encourage your son/daughter to attend all lessons and use resources on Google Classroom, The Red CGP Book (Uploaded to their Google Classrooms), BBC Bite Size and the RM Unify Science tile to revise for their exams.

If you have any questions, please do not hesitate to contact me.

Yours faithfully

*L. Obembe*
