Thursday, 23 September 2021

Dear Parent/Carer,

I am writing to inform you that your son/daughter is now studying the KS3 Year 7 Science course.

Your son/daughter will be sitting two KS3 Science exams in (dates will be confirmed nearer the time):

Exam 1 – February 2022

Exam 2 – June 2022

Each exam will include units from all three Science topics covered. Throughout the year they will be encouraged to recall scientific content from September.

The following table lists the topics being covered over the year:

Biology	Chemistry	Physics
Organisms 1	Matter 1	Energy 1
Ecosystems 1	Reactions 1	Electromagnets 1
Genes 1	Earth 1	Forces 1
		Waves 1

Please encourage your child and use resources on Google Classroom and the Science tile on RM Unify to revise for their exams.

From next week, we will be selling the KS3 workbook and practical handbook at **£7.00** (this is normally £11.95 and is £4.95 cheaper than the retail price). I would really appreciate if the payment can be completed on your Parent Pay account to purchase the workbook. Once the online payment is made, they can collect their Science revision books from Ms Sultana in 321 or their Science Teacher. Please remember that this workbook is for Year 7 and 8 and it is the responsibility of the pupil to keep them safe.

Can you please make this payment on Parent Pay by Friday 1st October 2021, as we will be setting weekly home learning tasks from the books the following week.

If you have any questions, please do not hesitate to contact me,

Yours faithfully

Ms Sultana
