Using the headings in the set design glossary above make notes on what set is used in the production.

Task 3

The play *Treasure Island* is going on tour. Some of the theatres they will visit will be a lot smaller than the stage used in the production you have watched. One of these theatres will be the Whitley Bay Playhouse shown in this picture. Your task is to design a set for one scene from Act 1 in *Treasure Island* that could be easily toured and fit a smaller space.
