

YEAR 9

Independent learning to be completed during school closure

ICT

During a two week period you would ordinarily have:

2 ICT lessons

If you have not already done so - you will need to access SENECA:

<https://www.senecalearning.com/>

and join the yr 9 Computing class with the code: **t9iv916mxw**

Please give your actual name when joining so I can see who has been working on the tasks.

We will be looking at GCSE theory for Computer Science.

This is the second theory section that I want you to work through which is the start of computer hardware.

- 4.2.7 Von Neumann Architecture
- 4.2.8 The Cloud
- 4.2.9 The Cloud 2
- 4.2.10 End of Topic Test - Hardware
- 4.3.1 Computational Logic
- 4.3.2 Boolean Logic
- 4.3.3 End of Topic Test - Logic
- 4.4.1 Operating Systems
- 4.4.2 Operating System Managers
- 4.4.3 Operating System Manager 2
- 4.4.4 Utility Software
- 4.4.5 Utility Software 2

This should last for both lessons

If you require further information please email:
