

The Exams Handbook for Candidates

Achievement Success Professionalism Integrity Respect Endeavour

This Exam Handbook has been designed to help you, please read and keep it. All the information you will need to know when completing your controlled assessments as well as when sitting your exams is included.

GCSE exams take place in May/June 2022.

Your teacher notifies the Exams Office which exams you are to be entered for and in response you will receive a statement of entry. Please check this statement carefully and show it to your parents. Make sure all your exams are listed and where applicable the tier of entry is correct. Please note – Exam tiering is not final at this stage, if you have any queries about the tier you have been entered for, please speak to your class teacher.

Your name as shown on the statement of entry is the name that will be recorded on your certificates, this should be your legal name, i.e. the name on your passport. Any changes to names following certification will incur a considerable fee from the exam boards (payable by Learner/parents). If there is anything wrong with your name on your certificate of entry or anything else you are unsure about please speak to either Miss Payton as soon as possible.

You will be required to sign to confirm the statement of entry and return it to the exams office by the date shown on the statement. We also ask for your mobile number and email address so that you can easily be contacted should the school need to discuss your exam entries, tiers or results.

Unfortunately, accidents can happen to exam candidates. Therefore, please avoid dangerous activities during exam periods. If you do sustain an injury which is likely to affect your performance in a forthcoming exam, please let the Exams Office, your Form Tutor or Head of Year know as soon as possible, so that special arrangements can be organised to help you.

If you are unable to attend an exam due to ill health it is important that you provide the school with a letter from your doctor. Failure to attend without a valid reason will result in your parents being sent a bill for the cost of the exams missed. If you are unavoidably delayed or the bus fails to turn up, let the school know immediately; we will do what we can to get you to your exam.

The designation of a 'contingency day' within the common examination timetable is in the event of national or local disruption to examinations. It is part of the awarding bodies' standard contingency planning for examinations. The contingency date is Wednesday 29th June 2022. **Candidates must remain available should an awarding body need to invoke its contingency plan.**

Finally, we are aware that exam periods can be very stressful. The school is here to help and support you. If you have any questions or problems at any time please do not hesitate to talk to your teacher, Form Tutor, Head of Year or Miss Payton in the Exams Office. We wish you every success.

Coursework assessments

With effect from 1 September 2021

Produced on behalf of:

©JCQ^{CIC} 2021

This document tells you about some things that you **must** and **must not** do when you are completing coursework.

When you submit any coursework for marking, you will be asked to sign an authentication statement confirming that you have read and followed these regulations.

If there is anything that you do not understand, you **must** ask your teacher.

Coursework provides you with an opportunity to do some independent research into a topic. The research you do will involve looking for information in published sources such as textbooks, encyclopedias, journals, TV, radio and on the internet.

Using information from published sources (including the internet) as the basis for your coursework is a good way to demonstrate your knowledge and understanding of a subject. You **must** take care how you use this material though – you **cannot** copy it and claim it as your own work

The regulations state that:

'the work which you submit for assessment **must** be your own';

'you **must not** copy from someone else or allow another candidate to copy from you'.

If you use the same wording as a published source, you **must** place quotation marks around the passage and state where it came from. This is called 'referencing'. You **must** make sure that you give detailed references for everything in your work which is not in your own words. A reference from a printed book or journal should show the name of the author, the year of publication and the page number, for example: (Morrison, 2000, p29).

For material taken from the internet, your reference should show the date when the material was downloaded and **must** show the precise web page, not the search engine used to locate it. This can be copied from the address line. For example: http://news.bbc.co.uk/onthisday/hi/dates/stories/october/28/newsid_2621000/2621915.stm, downloaded 5 February 2022.

You may be required to produce a bibliography at the end of your work. This **must** list the full details of publications you have used

in your research, even where these are not directly referred to, for example: Curran, J. *Mass Media and Society* (Hodder Arnold, 2005).

If you copy the words or ideas of others and do not show your sources in references and a bibliography, this will be considered as cheating.

Preparing your coursework – good practice

If you receive help and guidance from someone other than your teacher, you **must** tell your teacher who will then record the nature of the assistance given to you.

Your parent/carer may provide you with access to resource materials and discuss your coursework with you. However, they **must not** give you direct advice on what should or should not be included.

If you worked as part of a group on an assignment, you **must** each write up your own account of the assignment. Even if the data you have is the same, the description of how that data was obtained and the conclusions you draw from it should be in your own words.

You **must** meet the deadlines that your teacher gives you. Remember - your teachers are there to guide you. Although they cannot give you direct assistance, they can help you to sort out any problems before it is too late.

Take care of your work and keep it safe. **Don't** leave it lying around where your classmates can find it or share it with anyone, including posting it on social media. You **must always** keep your coursework secure and confidential whilst you are preparing it; **do not** share it with your classmates. If it is stored on the computer network, keep your password secure. Collect all copies from the printer and destroy those you do not need.

Don't be tempted to use pre-prepared online solutions – this is cheating. Electronic tools used by awarding bodies can detect this sort of copying.

You **must not** write inappropriate, offensive or obscene material.

Plagiarism

Plagiarism involves taking someone else's words, thoughts or ideas and trying to pass them off as your own. It is a form of cheating which is taken very seriously.

Don't think you won't be caught; there are many ways to detect plagiarism.

- Markers can spot changes in the style of writing and use of language.
- Markers are highly experienced subject specialists who are very familiar with work on the topic concerned they may have read the source you are using, or even marked the work you have copied from!
- Internet search engines and specialised computer software can be used to match phrases or pieces of text with original sources and to detect changes in the grammar and style of writing or punctuation.

Penalties for breaking the regulations

If your work is submitted and it is discovered that you have broken the regulations, one of the following penalties will be applied:

- the piece of work will be awarded zero marks;
- you will be disqualified from that unit for that examination series;
- you will be disqualified from the whole subject for that examination series;
- you will be disqualified from all subjects and barred from entering again for a period of time.

The awarding body will decide which penalty is appropriate.

Information for candidates Using social media and examinations/assessments

This document has been written to help you stay within examination regulations.

Please read it carefully.

We all like to share our experiences when taking examinations. However, it is important to consider what you say and to think about what information is being shared.

Sharing ideas with others online could be helpful when you're studying or revising.

However, there are limits to the amount of information you can share and you need to be careful not to break the rules. We'd like to ask you to act responsibly when discussing online. If you're in doubt about what you can and can't discuss online regarding your exams, it's always best to check with your teacher.

If you receive what is or what looks to be assessment related information through social media, or any other means, you must tell your teacher or another member of staff. You must show them what you have received (if available). They will then report the matter to the awarding body and it will be investigated.

Where candidates breach the rules for examinations, controlled assessments, coursework or non-examination assessments, awarding bodies have an obligation to investigate and may apply penalties.

You need to know that the following would be malpractice:

- copying or allowing work to be copied e.g. posting written work on social networking sites prior to an examination/assessment;
- collusion: allowing others to help produce your work or helping others with theirs;asking others about what guestions your exam will include (even if no one
- asking others about what questions your e tells you);
- having or sharing details about exam questions before the exam whether you think these are real or fake; or
- not telling exam boards or your school/college about exam information being shared.

Penalties that awarding bodies apply include:

- a written warning;
- the loss of marks for a section, component or unit;
- disqualification from a unit, all units or qualifications; or
- a ban from taking assessments or exams for a set period of time.

Please take the time to familiarise yourself with the JCQ rules:

INTERNAL ASSESSMENT POLICY FOR EXTERNAL QUALIFICATIONS

Longdendale High School is committed to ensuring that whenever its staff assess the work of candidates for external qualifications, this is done fairly, consistently and in accordance with the Code of Practice for the conduct of external qualifications produced by QCA, ensuring that

- internal assessments are conducted by staff who have the appropriate knowledge, understanding and skills;
- assessment evidence provided by candidates has been produced and authenticated according to the requirements of the specification;
- the consistency of the internal assessment is secured through internal standardisation as necessary;
- Staff responsible for internal standardisation and moderation have appropriate knowledge, understanding and skills, and have been trained in this activity.

Written appeals procedure

Each awarding body publishes its arrangements for appeals against its decisions. In addition, an appeal can be made to the School concerning internal assessment

- the appeal applies only to the procedures used in arriving at internal assessment decisions and does not apply to the judgment themselves; you cannot appeal against the mark or grade only the procedures used;
- the parent or guardian must make the appeal in writing to the School's Examinations Officer: appeals should normally be made by 30th April, and always before the date of the first written paper of the examinations in the summer series. This deadline may be extended in exceptional circumstances in situations where the coursework marking and moderation schedule extends beyond this time;
- the enquiry into the internal process will normally be led by the Examinations Officer and the Head of Centre, provided that neither has played any part in the original internal assessment process;
- the teacher making the assessment will be able to respond to the appeal in writing, and a copy will be sent to the appellant;
- the enquiry will consider whether the procedures used for the internal assessment conformed to the published requirements of the Awarding Body and the 'Code of Practice'.

The outcome of the appeal will be reported in writing to the appellant.

Any changes made to the assessment of work, any changes made to improve the school's application of procedures, and any correspondence with the awarding body will also be reported.

A written record of the appeal will be kept by the School, who will notify the awarding body of any outcome of the appeal which has implications for the conduct of the examination or the issue of results.

Note:

Each awarding body specifies detailed criteria for the internal assessment of work. In addition, the awarding body must moderate the assessment and the final judgment on marks awarded is that of the awarding body. Appeals against matters outside the School's control will not be considered in the School's appeals procedure.

Enquiries About Results (Review of Marking)

EARs may be requested by Centre staff or candidates if there are reasonable grounds for believing there has been an error in marking. The candidate's consent is required before any EAR is requested.

All enquiries about results must be referred to the subject teacher/department in the first instance so that they can decide if there is a strong case for a remark. An enquiry about results cannot be submitted on the basis that a candidate did not achieve their predicted grade. The candidates written authority is required for all reviews or script viewing.

If a result is queried, the Exams Officer, teaching staff and Head of Centre will investigate the feasibility of asking for a review at the Centre's expense. When the Centre does not support a candidate's or parent's request for an EAR, a candidate may apply to have an enquiry carried out. If a candidate requires this against the advice of subject staff, they will be charged.

Where a candidate wishes to challenge the decision not to hold an enquiry or consequent appeal, a written appeals procedure applies. Please see the School's Internal Appeals Procedure available on the school website.

The deadline for requesting an EAR is to be confirmed
