Dear Families

Year 9 Parents' Evening – Thursday 9th March 2023 – Inclement Weather

The decision has been taken to unfortunately change our In-Person Parents' Evening this evening to an **Online Parents' Evening**. The weather forecast remains poor over the course of the next 24 hours and therefore we have taken the decision to safeguard our staff, students and families from a potential hazardous journey to and from Longdendale High School this evening.

This decision has not been made lightly and I would like to apologise for the alteration of the Parents' Evening, however, I trust I have your understanding in this matter.

Therefore, please can you access your appointments using SchoolCloud by the link: <https://longdendale.schoolcloud.co.uk/> at the correct times. A reminder the evening takes place from 5:00 pm to 8:00 pm. The times of your appointments have not been altered. The Information and Guidance Presentation from Mrs Ayre will also take place virtually at 4:30 pm. This can be accessed by clicking the link below:

As per previous online Parents' Evenings, when you access SchoolCloud you will face the webpage. Please enter your details and your child's details to access your appointments. Please note, that each appointment will cut off automatically once the time is up and then your next appointment will be ready for you to join.

I would like to thank you for your understanding in this manner, and I hope you have an informative and supportive Parents' Evening.

Yours Sincerely

Dr Alex Glancey
Assistant Headteacher
