Year 6 Learning Block 2

Science

Evolution

We will learn about evolution, the process by which living things change over time. Through natural selection, organisms with helpful traits survive and pass them on, leading to new species. We'll also look at evidence like fossils and DNA to see how all living things are connected and adapt to their environments.

Art & Design

Activism (Printing, Collaging and Drawing)

We will explore how art can be used as a way to express opinions and speak for sectors of society. Children will use art to identify and voice the things they care about as individuals.

Writing

Can We Save the Tiger?

We will be learning to:

- Engage the reader through selective grammar and structure
- Use modal verbs
- Use adverbs of possibility and frequency
- Use brackets, dashes and commas for parenthesis

Mathematics

The Four Operations

We will consolidate our understanding of number through:

- Place Value Revision
- Addition and Subtraction
- Multiplication, including multiples and factors
- Division
- Fractions

Computing

Taught in Spring 1.

PE

Gymnastics

Reading

Unseen Texts

We will learn to:

- summarise
- draw inferences (inferring characters' feelings, thoughts and motives from their actions); justify with evidence
- literal retrieval
- provide reasoned justifications of their views
- explore new vocabulary

Spanish

Taught in Spring 1.

History

Medieval African Kingdoms

We will learn about rich history, culture and achievements of two great African kingdoms during the medieval periods.

Religion

Why does religion look different around the world?

PSHE/SRE

Respect
How can we respect ourselves and others.

Music

Songs of World War 2
Singing songs in two parts.

Design Tech

Taught in the Summer Term.

Geography

Taught in Spring 1.
