

Pupil premium strategy statement – Longwood Primary Academy

Before completing this template, read the Education Endowment Foundation's [guide to the pupil premium](#) and DfE's [pupil premium guidance for school leaders](#), which includes the 'menu of approaches'. It is for school leaders to decide what activity to spend their pupil premium on, within the framework set out by the menu.

All schools that receive pupil premium are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement, if that version was published using the template.

Before publishing your completed statement, delete the instructions (text in italics) in this template, and this text box.

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	421
Proportion (%) of pupil premium eligible pupils	38%
Academic year/years that our current pupil premium strategy plan covers (3-year plans are recommended – you must still publish an updated statement each academic year)	2023/2024, 2024/2025, 2025/2026
Date this statement was published	September 2025
Date on which it will be reviewed	July 2026
Statement authorised by	Monica Holland
Pupil premium lead	Monica Holland
Governor / Trustee lead	Fran Taylor

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£246,983
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£246,983

Part A: Pupil premium strategy plan

Statement of intent

Pupil premium funding is a national initiative, launched in 2011, designed to raise attainment for all disadvantaged pupils. A pupil is identified as pupil premium if they:

- are eligible for free school meals or have been eligible in the previous six years
- have been looked after, or are covered by a guardianship or residency order
- have been adopted from care
- have a parent serving in the armed forces

‘Closing the attainment gap between disadvantaged children and their peers is the greatest challenge facing English schools. The gap is stubborn because its causes are entrenched and complex, and most lie beyond the control of schools and educators. However, it is clear that schools can make a difference. In England, the gap has closed in both primary and secondary schools since the introduction of the Pupil Premium, and in every part of the country schools have demonstrated how great teaching and careful planning can make a huge impact on the outcomes of disadvantaged children.’

***Education Endowment Foundation –
The EEF Guide to Pupil Premium funding***

At Longwood Primary Academy we are committed to addressing disadvantage; within our school, trust, wider community and on a national level. Fundamentally, we want to empower our community and all its stakeholders, to think and act differently when addressing the causes of socioeconomic disadvantage on learning. The partnership between disadvantaged lead and link governor highlighted five core elements to focus on, all of which mirror national research and have assisted Longwood to develop a long-term approach, focussed specifically upon the needs of our pupils. The five core elements are:

- Relationships;
- Metacognition and self-regulated learning;
- Social, emotional and mental health (SEMH);
- Language development and communication;
- EYFS.

We recognise that the bedrock on which all other elements need to be established is relationships; especially as the foundation for learning. Our plan focuses specifically on evidence-based practice of the four key elements to champion our Pupil Premium pupils - ‘Learners not labels’. Likewise, we have a nominated governor with a specific ‘Disadvantaged Strategy’ focus, who is also responsible for measuring the strategies impact upon our pupils and families; our culture of ‘purpose, positivity and regular reflection’ (Rowland 2021) for our pupils, drives aspirations and better outcomes for our whole school community.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Language development and comprehension - Vocabulary gap between disadvantaged and non-disadvantaged.
2	Attendance gap between pupil premium and non-pupil premium
3	SEHM behaviours (TPP/Zones of regulation/my Happy mind) including pupil well-being
4	Metacognition – Developing independent self-regulation and learning behaviours
5	Early Years - School readiness due to low starting points

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>1. Language development and comprehension - Vocabulary gap between disadvantaged and non-disadvantaged.</p> <ul style="list-style-type: none"> • A vocabulary-rich environment • Teacher questioning • Talk sentence and sentence stems planned for and modelled across the curriculum • The implementation and embedding of Trust Oracy Strategy. • Oracy-led approach to assemblies (whole school). 	<p>Pupils show an understanding of vocabulary in lessons, including Tier 2 and 3</p> <p>Pupils use the taught words in speaking and writing</p> <p>There is evidence that vocabulary teaching is enabling pupils to articulate ideas with greater clarity</p> <p>Pupils show understanding of the 'gist' of a text through summary</p> <p>Teachers engage more pupils in thinking/responding when asking questions of the class, e.g. using mini whiteboards</p> <p>More detailed and academic pupil explanations</p> <p>More extended dialogue</p> <p>More questions about vocabulary from both the teachers and the pupils</p> <p>Examples of 'word consciousness'</p> <p>More vocabulary edits in pupils' books</p> <p>Written expression in pupils' books more sophisticated</p> <p>A word rich classroom climate</p> <p>The appropriate use of scaffolds for all learners, including those with SEND, therefore increasing independence</p>

	<p>This then leads to: Pupils meeting national standards in reading, writing and spoken language and make good progress from their starting points. Confident, <i>fluent</i> readers.</p> <p>Pupils with a love of reading with access to quality texts.</p> <p>EYFS filling the 'word' gap ensuring an easy transition into KS1 and preparation for transition to each subsequent Key Stage.</p> <p>Fluent writers with a good grasp of GPS.</p> <p>Confident speakers – proficient with sentence stems/sense of audience/Oracy Framework</p>
<p>2. Attendance</p> <ul style="list-style-type: none"> Pupil Premium attendance increases so that more learning can take place. Pupils access classroom learning daily to support meeting national standard and closing gaps in all subjects. 	<p>The gap between those disadvantaged and non-disadvantaged closes, increasing time at school.</p> <p>Access to before school breakfast club to facilitate attendance.</p>
<p>3. SEMH</p> <ul style="list-style-type: none"> Trauma Perceptive Practice: enabling adults to understand behaviour and support the emotional wellbeing of children. Zones of Regulation: providing children with the language of their emotions myHappyMind programme: providing children with strategies to identify and move through their emotions appropriately 	<p>Positive relationships and readiness for learning across the school.</p> <p>Pupils access learning and have secure attachment in the school setting.</p> <p>Pupils develop strategies for self and co regulation meaning they can return to learning quicker when dysregulated.</p> <p>Parents become aware of the language of TPP and manage challenging behaviours at home (SEMH).</p> <p>Higher engagement for families in need of support. Non-judgemental attitudes to encourage early help.</p> <p>An established family support team (Behaviour and Culture Lead/SEND Team/DHT/DSL) providing a cohesive strategy for improved outcomes.</p> <p>Children understand the science of the brain and the impact on their feelings and emotions.</p>
<p>4. Metacognition and Self-regulation</p> <ul style="list-style-type: none"> Cycles of quality professional development. Explicit teaching of the metacognitive process, through whole-class teaching and interventions, with a focus on early reading and early maths. 	<p>Pupils' behaviours for learning and self-regulation are reflected in daily lessons:</p> <p>Pupils using subject-specific sentence/question stems</p> <p>Pupils trying out different approaches/identifying the best strategy.</p> <p>Pupils using strategies other than asking for teacher support when stuck</p> <p>Explicit teacher modelling which pupils emulate</p> <p>Pupils regularly looking back over prior learning</p>

<ul style="list-style-type: none"> • Leaders consistently quality assure, coach and support across the curriculum, ensuring sustained improvements in teaching and learning that have a lasting, positive impact on pupil outcomes. 	<p>Children understand <i>metacognition + cognition + motivation = self-regulated learners.</i></p> <p>Accelerated progress from starting points (up to seven months) through the provision of high-quality, low-cost pedagogy for all staff and pupils. Improved behaviours for learning.</p> <p>Teachers demonstrate strong subject knowledge across all curriculum areas and consistently apply effective teaching strategies that enhance pupil learning.</p> <p>Teachers facilitate and pupils demonstrate more mature learning behaviours that ensure well-prepared discussion, depth of thought and active, accountable participation.</p>
<p><i>5. Early Years – school readiness due to low starting points</i></p> <ul style="list-style-type: none"> • Focus on communication and the linked skills of language, self-regulation, social and emotional development along with the importance of attachment • Early intervention and targeted support • Closing the word gap • Teachers provide a vocabulary rich environment • Opportunities for parental engagement • Support and continued professional development from EY consultants 	<p>Meaningful and accurate assessment of language through WellComm to ensure targeted support and interventions can be provided</p> <p>Pupils are expected to speak in full sentences with adults modelling ambitious vocabulary</p> <p>Pupils’ use of language is developed in line with age-related expectations</p> <p>Pupils achieving a ‘<i>good level of development</i>’ by the end of Reception</p> <p>EYFS Parents feel empowered to support and help children with their learning.</p> <p>Schools effectively implement <i>Strong Foundations</i>, ensuring pupils develop secure foundational knowledge and skills that prepare them for future learning.</p>

Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 108,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Disadvantaged Champion within school up skills ALL school staff on how this is a part of good practice and whole school ethos. Total budgeted cost: £ 246,983

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

Outline the performance of your disadvantaged pupils in the previous academic year and explain how it has been assessed. You should draw on:

- *Data from the previous academic year's national assessments and qualifications, once published.*
- *Comparison to local and national averages and outcomes achieved by your school's non-disadvantaged pupils (a note of caution can be added to signal that pupils included in the performance data will have experienced some disruption due to Covid-19 earlier in their schooling, which will have affected individual pupils and schools differently).*
- *Information from summative and formative assessments the school has undertaken.*
- *School data and observations used to assess wider issues impacting disadvantaged pupils' performance, including attendance, behaviour and wellbeing*

You should state whether you are on target to achieve the outcomes of your strategy (as outlined in the Intended Outcomes section above) and outline your analysis of what aspects of your strategy are/are not working well.

If last year marked the end of a previous pupil premium strategy plan, you should set out your assessment of how successfully the intended outcomes of that plan were met.

2024-2025 Outcomes

	PP	Non-PP
Achieving GLD at end of EYFS	57%	71%
Meeting expected standard in end (Year 1 Phonics Screening Check)	80%	92%
Meeting expected standard in KS1 reading	49%	53%
Meeting expected standard in KS1 writing	47%	51%
Meeting expected standard in KS1 maths	49%	53%
Meeting expected standard in KS2 reading	68%	88%
Meeting expected standard in KS2 writing	68%	82%
Meeting expected standard in KS2 maths	68%	91%

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium to fund in the previous academic year.

Programme	Provider
MyHappyMind	MyHappyMind

Service pupil premium funding (optional)

<i>For schools that receive this funding, you may wish to provide the following information: How our service pupil premium allocation was spent last academic year</i>
N/A <i>Longwood adopts a whole school approach for ALL children</i>
The impact of that spending on service pupil premium eligible pupils
N/A

Further information (optional)

- *Extra-curricular clubs (an extensive subsidised programme);*
- *Subsidised Breakfast Club;*
- *Educational Welfare Officer;*
- *Behaviour and Culture Lead ;*
- *Trust SEND team – including ASD, SpLD, Speech and Language specialists;*
- *Curriculum enrichment opportunities including free access trips to increase cultural capital- all of year 5 and 6 visiting Tower Of London;*
- *Intervention programmes- support staff;*
- *Professional Development for teaching/support staff –on all 5 core elements of the Disadvantaged Strategy (Relationships, Metacognition and self-regulation, SEMH (through TPP and My Happy Mind), Language development and communication, EYFS);*
- *Graduate Pre QTS programme;*
- *Uniforms for All;*
- *Regular research-based projects to support best practice/pedagogy (metacognition in 25-26 and use of IRIS to support pedagogy development in 25-26)*
