YEAR 7

Throughout the curriculum students experience the culture through videos, music and literature exposing them to other cultures. We inform students of the wealth of careers that are enhanced by languages and that the skills you learn through foreign language study make you more desirable. We develop a metacognitive mindset where students acquire many transferable skills and encourage them to think as global citizens. Lessons develop all modalities Listening, Reading, Writing and Speaking not only in Spanish but we enhance their English and critical thinking skills too.
