As well as assemblies, college visits and student application support, Newman, Preston, Runshaw and Myerscough colleges are also invited to support Yr 11 guidance evening and Yr 9 pathways evening.

All year groups will receive **#FuturesFridays newsletters** which will also be sent home to parents. This includes relevant national information, job of the week, links to next step pathways and **local LMI**. Elements of this newsletter will be highlighted as part of the **Ready to Thrive (RTT) tutor programme**, related to skills needed for the world of work, although the focus for RTT will be on core values. These will link with posts on **social media** for parents/carers. The Academy will also produce a copy of the **Beyond careers newsletter** 2-3 times a year, featuring articles from current and past students.

Lessons in the Academy will feature a whole school PPT slide explaining the link between the subject lesson and the world of work. This slide will contain **subject related careers** and **skills underpinned by those valued by employers**, speaking, listening, problem solving, teamwork, resilience, communication, planning, leadership etc. Each subject in school will highlight and explicitly teach about careers in subjects and employability skills.
