

LOSTOCK HALL ACADEMY

Christmas Newsletter

Principal's Welcome

As we approach the end of this term, I find myself reflecting on the journey we've had together so far this year. It's been a time filled with growth, learning, and dedication from each member of our school community. From Yr7 students having completed their first full term as a member of the LHA family, to Yr11 completing their mock GCSEs.

Particular praise goes to all those students who have exhibited resilience and commitment to their studies, embracing challenges with open minds and unwavering determination. Their accomplishments, both academically and personally, have been nothing short of inspiring. From the smallest victories to the grandest achievements, each step forward has been a testament to their hard work and perseverance. Many of which can be seen throughout this newsletter. Well done!

I am also proud of the dedicated teachers and support staff who have been the guiding lights, fostering an environment where curiosity thrives, knowledge blooms, and dreams take flight. Together with parents/carers, that unwavering support and passion for education has undoubtedly helped to shape the future of our students.

So as we prepare to finish this term and welcome the Christmas break, it's important to acknowledge the significance of rest and rejuvenation. This time offers a precious opportunity for families and friends to come together, to share warmth and laughter, and to create cherished memories.

While we embrace this well-deserved break, let's also remember the importance of kindness and compassion. As we enjoy our time with loved ones, let's extend our thoughts and support to those who might need an extra dose of care and consideration during this festive season.

This holiday, I encourage each of you to take a moment to reflect on the blessings in your life and find ways, big or small, to spread joy and goodwill to others. Whether it's reaching out to a neighbour in need, volunteering in the community, or simply offering a kind word, your actions can make a world of difference.

As we step away from the classrooms of Lostock Hall Academy and into the warmth of the holiday season, let's carry with us the spirit of gratitude, the joy of accomplishment, and the eagerness to return recharged and ready for the adventures that lie ahead in the new year.

Wishing you all a joyful and restful Christmas filled with love, laughter and cherished moments.

Warm regards,
Mrs Gorman
Principal

Lostock Hall Academy Vision 2023-24

LHA will be the local secondary provider of choice. We will equip all our learners with the knowledge, skills, values and behaviours to achieve their full potential in a safe, stimulating and supportive environment. Educating the future, Academy students will be proud to achieve a successful career path through transition into work or training in all walks of adult life.

DROP EVERYTHING AND READ!

Drop Everything And Read (D.E.A.R.) was launched on Friday 15th December. D.E.A.R is an hour taken each month where the Academy abandons its normal timetable, drops everything and luxuriates in the joys of reading. During D.E.A.R. teachers enthuse about their favourite books and authors, students sample books they wouldn't normally select to read, and some classes dive deep into reading processes, such as what it means to read like a mathematician.

Teachers are also continuing to build their subject libraries and are very grateful for the donations sent in by parents and trustees. If you have any books that you no longer want but you feel they would help with encouraging a child to read widely on a school subject, please send them into school. Students are rewarded with citizenship points when they make book donations.

Scholastic Book Fair

A BIG THANK YOU to everyone who supported our Scholastic Book Fair in November. The students thoroughly enjoyed visiting the Library and looking at the large selection of books. The fair raised £643 which means that school receives 40% commission to spend on new books for the LHA Library.

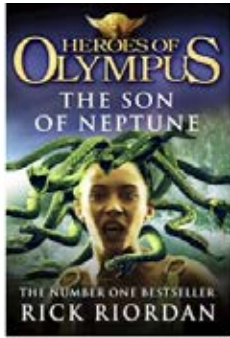

Holiday Reading on E-Library

Find time to read over the break check out the E-Library online.

English Challenge Runshaw College

Well done to our students from Year 10 who won the English Challenge Runshaw College, a round-robin event that tested their knowledge across a range of different areas.

Erica, Ethan, Neve and Sophie competed against several other schools to see who would come out top in terms of their knowledge of spelling, punctuation, grammar and word meanings.

After a number of rounds of challenging competition, our students emerged victorious!

Music Department

The LHA Music Department have again been very busy over the Festive period. On the 4th December, we attended the Lostock Hall Christmas Tree Lights Switch-on, supporting the local community.

The Brass Band & Choir also visited three local residential homes, performing for residents. These included Willowbrooke Care home on the 14th December, Lostock Lodge Residential home on the 15th December & Walton Care Home on 19th December.

On Thursday 21st December, we also visited the Coppice School in Bamber Bridge to perform to students there.

Finally, the annual Christmas Concert was held on Thursday 21st December with students performing to a packed audience. All enjoyed the evening with performances from the choir, soloists, brass band, soul band and rock bands along with festive refreshments and a raffle.

The year was rounded off with the brass band performing in the final assemblies on Friday 22nd December.

On behalf of the Music Department, have a safe and merry Christmas.

Mr Kenny & Mr Doyle

TEAMWORK

Art Club

We have been busy painting a range of plaster cast animals over the last few weeks, allowing students the time to develop their painting skills and express their styles in a unique way.

The Y7 students have thoroughly enjoyed themselves.

COMMITMENT

Christmas Food Hub Appeal

Our DofE Bronze students visited the New Day Church Food Hub in Lostock Hall to do 2 drop-offs. We are grateful to all the students and their families who have supported our appeal, and we were happy to see that the Food Hub was very appreciative of all the items we brought. The many volunteers and members welcomed us warmly, and Jen took the time to give the students a tour of the hub. It was an interesting experience for all of us to learn more about the important work that they do there for our community.

If you or someone you know requires assistance due to financial circumstances and live in the 'PR5 5' postcode area information can be found here <https://newdaychurch.uk/serving.../new-day-church-food-hub>

Mission Christmas Toy Appeal

A big thank you to everyone who generously donated gifts for Cash for Kids Lancashire. Your contributions have brought a touch of magic to someone's Christmas. Additionally, two lucky students from Year 7 were selected to make the delivery on behalf of the Academy.

Year 10 Visit to the BBC Good Food Show

It was an early start for our Year 10 Food Preparation and Nutrition students on Friday 24th November. Leaving Lostock Hall at 6am, heading south to the NEC near Birmingham, where we visited the **BBC Good Food Show**.

Upon our arrival, we were treated to a cooking demonstration by the one and only **James Martin**. He produced three fantastic dishes and gave us lots of innovative ideas for our own cooking. Following the demonstration, we then had time to visit the many exhibitors from all over the world. We finished the day with a knife skills class, where we were able to practise and perfect skills we have learnt in the classroom.

The day was thoroughly enjoyable and a great success, with all our students representing the Academy in a very positive manner. Well done Year 10 – you did yourselves proud.

Year 7 Cooking Club

This term we welcomed a new group of Year 7 students to our after-school cooking club. Scones, pizza wheels, cupcakes and reindeer shortbread were on the menu, with students demonstrating their creative skills in every session. Students had a great time and produced some excellent dishes. We look forward to welcoming a new group of students in the New Year.

Photography Club

All the photographers arrived at the session, full of Christmas spirit and enthusiasm. Once some suitable music was playing, they got down to work and helped to produce some great Christmas images. They have also enjoyed experimenting with themed still life's, photo-shoots and learning how to work the lighting equipment this term, well done all.

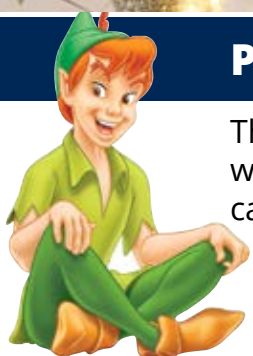

TEAMWORK

Peter Pan Scenery Club

The art department are busy next term with the props and scenery also - if you can take a photo of the stage backdrop!!

COMMITMENT

Bulb Planting

Since gaining our second Eco Schools Green Flag Award in July 2023, Eco Schools at LHA has continued in its quest to make our school a more sustainable place.

This term we have planted more than 1000 spring flowering bulbs to brighten up the school environment and more importantly, to provide food for early pollinators, as there is little out there for them in early Spring. The bulbs were planted by an eager group of Year 7 and 8s who gave up their lunchtimes to complete the mammoth bulb planting task. All students involved gained Citizenship Achievement Points towards the CAP.

We hope to share a picture of the bulbs in full flower in a later newsletter.

Admissions Consultation

We are in the process of consulting on admissions arrangements for students applying for places for the academic year beginning September 2025. The consultation will run for 6 weeks from 20th November 2023 until 8th January 2024.

Details can be found on our website <https://www.lostockhallacademy.org/information/admissions>

Primary Transition Autumn Term 2023

We have been very busy this term, working with our local primary school pupils. Year 4 and Year 5 pupils from **Lostock Hall Community Primary School** and **Brindle Gregson Lane Primary School** have taken part in Spanish, Science and Music lessons, giving them the opportunity to use our subject specific resources and to work with our specialist staff in these curriculum areas.

It has been a very rewarding experience working with our local primary schools and seeing their pupils thrive in the secondary school environment

We look forward to welcoming more local primary schools pupils to join us in the New Year, with even more opportunities to support their learning, here at Lostock Hall Academy.

Year 7 Historians of the term

Congratulations to these students who have been chosen as Historians of the term. They consistently produce high-quality history work, involve themselves in class discussions and have a fantastic attitude towards their learning. Well done!

Encanto Family Tree Activity with Brindle Gregson Lane Primary

Christmas Jumper and Lunch Day

The LHA community joyfully embraced the festive season during the Christmas lunch day, donning a delightful assortment of holiday-themed sweaters and headgear. The catering team from Aspdens contributed to the festive atmosphere by serving a classic turkey lunch with trimmings, accompanied by a baked treat for more than 500 students and staff.

Members of the Senior Leadership Team (SLT) visited tutor groups, awarding prizes for the most “festive” team and the best design. However, it’s evident that collectively, everyone looked splendid in their holiday attire.

TEAMWORK

Student Voice at the Academy - 'Our first term' - Year 7 students

Year 7 School Council representatives came together for their first formal meeting of the school year in November. They discussed their transition to secondary education and have put forward a number of new ideas about how we can further improve our school community. One of these ideas that is currently being considered is the introduction of a new breakfast club - this is currently being considered and if feasible, further consultation will be held with students and parents/carers. A selection of the Year 7 students also put themselves forward to write up a summary of their first term experiences at the Academy.

Hi, my name is Katie, and I will be telling you about why you should come to this life-changing school. Ok, now when I say life-changing, I really mean it. So, buckle up and get ready for a galaxy full of endless possibility. You ready? Let's go! Now, I know what you are thinking, these teachers are the BEST. Take my history teacher or my form tutor for example they are the best at making things funny, or take my maths teachers - they are great at explaining things like hard equations. My Spanish teacher even gives out chocolate bars - sign me in!

Katie, 7K

Since joining Lostock Hall Academy, I have enjoyed a wide range of subjects! I really like Spanish because of the teacher, the class and the learning that we do. Mrs Moors is a brilliant form tutor because she is nice and kind to everyone and helps students who need it. She can get strict but only when required! At lunchtime on a Tuesday, I go to art club in A1 with Miss Murray. In art club we have done lots of amazing things. A few weeks ago, we decorated the Christmas tree. Also, I do photography club after school on a Tuesday. I have made around four new friends and I have kept two from primary school which is great.

Darsie, 7C

My start at Lostock Hall Academy has been excellent. I have made new friends in all year groups which is great. My favourite subject is PE - I love the astro-turf pitches and the sports hall. I have done football, cross-country and badminton. At the start of the year, I had no clue where to go but with the help of staff I now know how to get around the school and I can't wait for the future at Lostock Hall academy.

Arunvir, 7S

On the first day of moving to Lostock Hall Academy, I was not that nervous, I was more excited. When it came round, and I was sitting in my classroom I wondered if my school year would have been good and if I would like my teachers. My first lesson was drama, and it went well. A couple of weeks later Star Wars club started. I immediately joined and met more people who are now in my big friendship group. I really like my teachers - overall, I have really enjoyed start to life at LHA and it's an experience I will never forget.

Harry, 7L

So far, my experience at LHA has been great. Before I started here, I was nervous as to how I would find it, but now my friends and I have settled in nicely. I am glad that I chose to come, as my time here so far has been very good. The teachers and staff around the school have been very welcoming and kind to all the Year seven students. I have made lots of new friends within my first term at the academy too. I've particularly enjoyed English lessons with Miss Hatch, History lessons with Mr. Foster and Art with Mrs. Ellison. Also, I like history with Mr. Jolly as his ties are very funny! At LHA, there is a wide range of extra-curricular activities. On Tuesdays after school, I do photography. I am also aware that my friends go to a lot of clubs, as there are many to choose from.

Kayla, 7T

So far, my experience has been amazing. The Lostock Hall academy staff are extremely welcoming, the work is enough to challenge and teach me and I have truly felt like a member of the school. My English teacher who is great allows reading time and often lets us do fun activities. I love many of the lessons these include; Maths, Science, History, Geography, PE, Art and Design, Music, and English. There are many other fantastic lessons and fascinating

INTEGRITY

subjects to wrap your knowledge hungry mind around! Overall, Lostock Hall Academy is a place to be enjoyed and relished in our lives and I hope one day you too will join the LHA family.

Nathan, 7H

I found my first term at Lostock Hall academy to be very exciting. The teachers are all really helpful, and the students are definitely very kind. The canteen food is incredibly good. I have also enjoyed making new friends. The curriculum is amazing and offers a wide variety of different subjects. I love the fact that they have lessons on carousels so you can experience all of them. Teachers offer a lot of support when taking exams and in lessons!

Chloe, 7S

My start at Lostock Hall Academy has been positive, a few ups and downs but I have made a good few friends who I hadn't known before I started, which I am really happy with. I have taken my time but always made friends and in my form, we have organised a secret Santa! I have enjoyed the transition from primary to secondary school - I really enjoy Drama, History and PE lessons. I have had a great start to secondary school life!

Jayden, 7K

My first term at Lostock Hall Academy has been one of the best times of my life; all the teachers were kind and helpful. The lunch staff too. Some of my favourite lessons have been English and History - the teachers really try their best to help us students at the Academy - explaining things really well. At the start of school, I felt nervous - but slowly I started to meet new people doing so, feeling better about myself and now I have a new friendship group. I've also joined a few clubs: Monday games club, Tuesday chess club, Wednesday Pokémon club, Thursday Star Wars club, Friday reading club.

George, 7C

Looking back on my first encounter with LHA, I am delighted that I have had a positive start to year, I have made great progress in my subjects, I especially love Music with Mr. Kenny! I have also made great friends here at LHA, they have given me great support throughout my first couple of terms here. One of my favourite things about LHA is the creativity that it offers to the students, it helps them to have a wider variety of choice so that they can find what they have a passion for. Like craft club or football club - two totally different types of clubs that inspire two totally different types of people! I also loved when I got the part in the school play! I was absolutely flabbergasted! Yet I was so proud of myself. And I am really looking forward to performing in front of an audience!

Lily, 7S

Since coming to Lostock Hall Academy I have made new friends, found the best teachers in the school, and attended great lessons. I love science, it is so fun. I love all the practical lessons we do. Mr. Barnard's English class is always really interesting. I have great friends, they are all so kind and they have really helped with my start to school life. I really enjoy all the clubs that are on offer I do drama, photography club and cooking club. I have really loved the start to LHA!

Bobby, 7L

COMMITMENT

Forest School

Throughout this half term, a select group of Year 7 students participated in Forest School. Each week, they honed their teamwork, communication, and resilience skills. The students engaged in various activities such as cooking, building, and relaxing in hammocks during the sessions. The entire group thoroughly enjoyed the experience.

TEAMWORK

COMMITMENT

Term 1 PE and School Sport Review

It has been a very busy first term in terms of clubs and fixtures for students at the Academy. The football teams have all performed well in the South Ribble leagues with each year group currently sitting in either first or second place in their respective leagues. Moving forward all teams have therefore qualified for the league play-off finals and also look forward to competing in the South Ribble cup competitions.

The Year 9, 10 and 11 boys' teams are also progressing well in the Lancashire Cup as are the U-14 (Year 8 & 9) girls' team. Netball teams have also performed well with a number of wins across the different age groups already with leagues recommencing in the new year. The focus will soon turn to indoor athletics as we aim to continue our recent successes in both the District competitions and Lancashire finals.

Athletes from the Academy also performed superbly at the South Ribble cross country championships with two individual silver medals and the U-14 girls' team winning gold in the team competition. Badminton club runs throughout the year and is very popular and has helped bring more success with the U-16 girls' team recently winning the South Ribble team competition. Roll on 2024 which will hopefully bring us more individual and team victories as sport continues to play a really important part of life at the Academy.

Mr Sloan and the PE Department

Term 1 PE and School Sport Review

Well done to the U-14 Girls football team who travelled to Colne and won their Lancashire Cup tie 6-2 against FisherMore. Superb effort by all of the players - special mention to Ava who scored a hat trick!

PNE Player Profile

Well done to Oliver from Year 9 who continues to play at a high level for Preston North End. He currently turns out for the club for the U-14 and U-15 sides, playing in the centre half position (defensive kingpin!). Highlight of the season so far was an away fixture at local rivals Blackpool in which Oliver received really positive plaudits from everyone present. He also continues to represent a successful Year 9 school team, alongside both the District of South Ribble and more recently the Lancashire Schools representative side.

South Ribble Cross-country

COMMITMENT

The Academy finished in 3rd place overall (boy/girls race scores from all of the different age categories combined) which is an excellent reflection on the students.

Performance of the day goes to the Year 8/9 girls who have finished as South Ribble champions in the U-14 team competition. Gold medals will be presented at the Christmas celebration assembly.

National Football Museum

Our year 7 Girls Football team visited the National Football Museum in Manchester for a fun football filled day as part of our Christmas rewards trip. It was a great opportunity for our students to learn more about the history of Football in England, take part in interactive activities and explore the women's game including its development over the years".

EXCELLENT ATTENDANCE **Well done to you all!**

12 Top Tips for Children and Young People to Enjoy a TECH-FREE CHRISTMAS

The Christmas holidays are tailor made for families to enjoy relaxed quality time in each other's company – but with distractions like pinging phone notifications, the lure of games consoles and online Boxing Day sales, that can be more difficult than it sounds. Staying off our phones, laptops and tablets, however, can really help us to appreciate the things that genuinely matter at this special time of year. Follow our 12 top tips for a tech-free festive season ... Yule be glad you did! Merry Christmas!

CHRISTMAS CRAFTING

Get out the paper, glue and scissors and have a go at hand-making cards or gift tags. You could also create your own decorations to add a uniquely personal touch to the Christmas tree.

NATURE QUEST

Try a scavenger hunt in the garden or your local park. Challenge yourself and your family to find natural treasures that are symbolic of this time of year – like holly or pinecones, say.

CAROL KARAOKE

Sing your hearts out with a Christmas carol karaoke night. Pick out your favourite tunes and enjoy a musical celebration with family and friends.

WANDER DOWN MEMORY LANE

How about making a scrapbook filled with your favourite memories from Christmases gone by? Unleash your creativity while you enjoy reliving those magical holiday moments.

TRY REFLECTIVE JOURNALLING

Jot down your thoughts, feelings and reflections on the holiday in a notebook or diary – you could also list some of your main goals for the new year.

WRAP IT UP

Take time to get inventive with some luxurious gift wrapping. Break out the wrapping paper, ribbons and bows to make parcelling up those presents into a creative adventure.

WALK IN A WINTER WONDERLAND

Delight in the great outdoors with some gentle walks over the holiday. The family can all wrap up warm as you add to your step count and savour the crisp winter air together.

BE A SEASONAL CHEF

Get the whole family working together in the kitchen for some Christmas cooking. Choose a recipe and whip up a festive feast that all of you can enjoy.

ENJOY A CHRISTMAS STORY

Christmas is a perfect time for sparkling stories. Get cosy and lose yourself in a brilliant book, from Dickens to Dr Seuss or a more modern favourite by Chris van Allsburg or Tom Fletcher.

SNOWY SCULPTURES

If we're fortunate enough to get a white Christmas this year, make the most of the opportunity by having a family snowman-building competition!

GAMES NIGHT GALA

Dive into some old-school fun with a tech-free games night. Classic board games and card games have stood the test of time for a reason!

GOODWILL TO ALL

You and your family could spend a day volunteering – perhaps at a food bank or helping a local charity. After all, kindness and thinking of others are part of what Christmas is all about.

Top Tips for SETTING UP PARENTAL CONTROLS ON NEW DEVICES

In children's eagerness to start enjoying new digital gadgets immediately, it can be easy to overlook setting up the type of parental controls that can help to protect them online. If you don't sort those out from the very start, it can be an uphill battle – technologically and psychologically – to impose such controls later. Here's our rundown of what to look for when setting up the various internet-enabled devices that might be lurking under the tree at this time of year.

IPHONE

If your child's lucky enough to be getting their own iPhone, parental controls can help avoid issues like screen addiction and unsuitable content. Go into the settings and scroll down to 'Screen Time'. From here you can customise important settings including time limits on using the device, communication restrictions and content blockers. You can also lock your changes behind a passcode.

ANDROID

With Android devices, Google's Family Link app is your friend. You'll need a Google account – and a separate one for your child, which you should use when first setting up the device. Then, in Family Link on your own device, select 'Add Child' and enter their account details. This lets you specify limits on daily usage, restrict certain apps, block particular content and more.

PLAYSTATION

You can prep for a PlayStation before it's even unwrapped. At my.account.sony.com, create an account, then go to Account Management > Family Management > Add Family Member to set up your child's account, which you'll use to sign in on the console. You can restrict the age ratings of the games they can play and who they can talk to. On the PS5, you can make exceptions for any games you think are acceptable despite their high age rating.

IPAD

iPad parental controls are identical to those on iPhones. However, if you've got a shared family iPad and want to ensure your children aren't seeing anything age-inappropriate after you hand them the device, there's a feature called Guided Access (under Settings > Accessibility > Guided Access). With this switched on, young ones can only use the app that's currently open.

XBOX

The Xbox Family Settings app helps you manage which games your child can play (and when). You'll need to set up the console with your own account and then add a child profile. Make sure your account's password protected, so your child can't alter your choices later. You'll be walked through the functions at setup, but you can also reach them manually via Settings > Account > Family Settings.

NINTENDO SWITCH

Download the Nintendo Switch Parental Controls app on your phone, and you'll be shown how to link it to the console. Once that's done, you can limit how long your child can play each day, decide what age ratings are permitted and more. You'll also get weekly updates on how often they've used the device. These controls are accessible through the console itself, but the app is usually easier.

WINDOWS 11 PCs

On Windows 11, account management is key. Set up the device with your own account as the admin. Then go to Settings > Accounts > Family and Other Users and create your child's account (if you've already done this on a previous PC, just log in with those details). Microsoft Family Safety (either the app or the site) then lets you control screen time, what content children can view and more.

CHROMEBOOKS

Chromebooks' parental controls are managed via the Family Link app. Unlike an Android device, however, you need set up the Chromebook with your own account first, then add your child's. Go to Settings > People > Add Person and input your child's Google account details (or create a new account). Your child can then log in, and you can monitor what they're up to via Family Link.

MACS

Like iPhones, parental controls for Macs are managed via the Screen Time settings. Again, the crux here is to set yourself up as the administrator before adding any child accounts. In the settings, look for Users & Groups to create your child's account, then – while on their profile – use the screen time options to place any boundaries around apps, usage and who your child can communicate with (and vice versa).

SMART TVs

Smart TVs typically have their own individual parental controls. One of the most popular brands is Samsung – and on their TVs, you can control the content available to your child. In the Settings menu, under 'Broadcasting', you can lock channels and restrict content by its age rating. Even this isn't foolproof, however: some apps (like YouTube) might still let children access unsuitable material.
