

7 April 2021

Dear Parents and Carers

I hope you have all managed to enjoy the Easter break. The strange weather this week has added to the excitement, but with more government announcements, there is a general sense of optimism continuing.

This is just a quick note that follows an announcement by the Department for Education. They have informed schools that the measures in place before the break should be maintained until at least May 17th. Therefore, please can we make sure of the following:

- Face coverings are worn in school where social distancing cannot be maintained. This does include classrooms. This probably requires us all to have at least two masks with us in school and we have provided washable ones already. These have effectively become a short-term addition to our uniform, and we will continue to ask students to wear face coverings as they enter the site to help us support those who may have forgotten theirs! We thank you endlessly for your support with this difficult situation.
- LFD Tests need to be continued twice a week. We have provided home test kits and will continue to distribute these as they arrive in school.

School reopens on Monday 12th April and I look forward to seeing everyone for the Summer term.

Kind regards,

Ray Baker
Headteacher

Lytham St Annes High School
