

English

- ◇ Texts: *A Tadpole's Promise*. The children will make predictions and explore different sentences focussing on vocabulary used by the author. They will write their own sentences using noun phrases. When writing independently, they will plan their writing and will be encouraged to edit it to make improvements.
- ◇ Reading: Continuing phonics for decoding and comprehension of what has been read and exploring how we can use these skills to answer questions on what has been read.

Science

Life cycles and Microhabitats: This term we will be investigating different life cycles of a variety of minibeasts/animals in our local habitat. The children will plan and carry out an investigation to observe whether woodlice prefer wet or dry conditions.

History

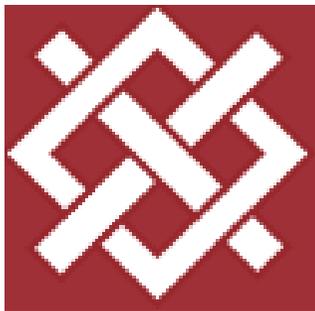

Super Heroes!

We will be exploring the lives of significant individuals in the past who have contributed to national and international achievements; for example, Florence Nightingale, Mary Seacole.

PSHE

Being my best: We will be exploring how to stay clean and healthy, learning what my body does and what my body needs. Linking to our science topic

Year 2 Spring 2

Maths

- ◇ We will be exploring 2D and 3D shapes, with sorting, ordering and reasoning
- ◇ We will then be progressing with our addition and subtraction where we will be looking at using 2-digit numbers with regrouping and exchanging.
- ◇ We will also be continuing with our Mastering Number programme for quick recall of facts.

PE

- ◇ Invasion Games; we will be exploring the skills used in invasion games with Miss Fripp.
- ◇ Target Games: We will be developing our skills in aiming for a target in game situations with Mr Noyce.

RE

We will be exploring Easter, with the Resurrection in Christianity

D&T

We will research moving vehicles and join materials, making axles and design their own vehicle.

Computing

Data and Information - Pictograms:
Collecting data in tally charts and using attributes to organise and present data on a computer.
