

Maths

We will be making links between decimals and fractions.

We will also be learning about money, calculating using money and finding change. Finally, we will be solving problems involving time.

We are actively encouraging the children to learn their times table facts by heart.

English

We will be reading the following texts, using them as a basis for writing.

Journey by Aaron Becker

Cinnamon by Neil Gaiman

Tar Beach by Faith Ringgold

We will be answering VIPERS questions on each text as well as writing in different styles for different audiences.

Year 4

Summer 2nd

Art

We will be looking at the works of Monet and Miller, comparing their styles and producing our own art work using watercolours.

Computing

We will be exploring how we can use coding to program an animal to draw shapes.

Geography

We will be learning about Rivers; how they are formed, the habitat, how they impact the environment and how we can look after them.

Music/Spanish:

Spanish/French: Children will complete their introduction to Spanish. They will also return to French to carry out a mini project about markets and shopping.

Music: Children will be learning how music brings us together, further developing their understanding of structures in music.

Science

Our topic of Living Things carries over both halves of the summer term. This half term

RE

We will be exploring the question:
Does celebrating Shavuot help Jewish children feel closer to God?

PSHE

We will be exploring the idea of "Growing and Changing" as part of our RSE provision.

PE

We will be focusing on fielding and striking skills through Cricket as well as Net and wall skills through badminton.
