The Curriculum

Our unique curriculum design and curriculum approach considers our local context and our pupils' particular needs. Our curriculum should enable our children to:

- build strong, knowledge-based semantic memories, store them in their long-term memory and be able to retrieve and use them as a situation arises.
- make strong connections within their learning that are durable and transferrable between contexts.
- think creatively and critically.
- innovate, solve problems and generate solutions.
- develop strong analytical skills.
- become emotionally literate and morally responsible citizens.

Subjects are taught through engaging topic contexts where possible, to inspire the children. All subjects will be taught in classes with appropriate differentiation in place and support where needed.

At times, some children may be identified to work in intervention groups to further support their learning.

Curriculum...

Below is an idea of the subject content we will be covering this year.
If you have any expertise or resources you feel would benefit the below areas,
please see your child's class teacher!

Year 3 Recorders

This year the children will be learning to play and perform together on Recorders.

Every child will be given a Recorder for the whole school year.

The first term will be learning to play the recorder and they will then be used to enhance the lessons throughout the year.

The instruments belong to the school and you will be responsible for them the whole year.

If you have any problems with the instrument through the year please return it to the school asap.

Please ensure that instruments are in school every week for music lessons.

If you wish to buy your child their own Recorder please contact the school for help and advice.

Educational Visits

- Stone-age trip (Autumn Term) – Information to follow
- Swimming (Spring Term) – Information to follow
- Trip/experience linked to Blue Planet/conservation
- Ancient Egyptian Drama Day –Information to follow
- **Important Dates**
- Individual Photos: Friday 20th September
- Open morning / evening for EYFS: Wednesday 2nd October
- Families Evening: Monday 21st October 15:45- 19:00 and Wednesday 23rd October 15:45-18:00

Curriculum

MFL - French - Children will continue to develop their vocabulary and expand their range of phrases through games, rhymes and songs.

Music - Children will be exploring rhythmic patterns, arrangements and composition. This is taught by Mr Bilby.

Computing

Children will have access to laptops and iPads to use alongside their daily learning. They will also be learning how to 'code' and write simple programs to make things move. Also, they will be using the internet for research.

PSHE

The theme for this term is 'Being me in my world' and 'Anti-Bullying'. Alongside this we focus on how to look after our own mental wellbeing and how to identify and regulate our emotions through the Zones of Regulation approach.

How can I help my child with Maths?

- Do not say 'I am not very good at maths!'
- Help your child to learn number facts, especially their times tables.
- Help them to understand different maths vocabulary. E.g: increase, difference between etc.
- Ask your child about their maths lessons and ask if you can help with homework and help them to check for errors.
- Help them to use the correct written methods for the 4 main calculations. (+ - x ÷)
- Use the school Calculations Policy - Please see your child's class teacher for guidance. We are always happy to help!

English

This term we will be using the following books to read and inspire writing:

Into the Forest – Anthony Browne

Jesse Owens – Jane Sutcliffe

The First Drawing -by Mordicai Gerstein

UG Boy Genius of the Stone Age – Raymond Briggs

Stone Age Boy – Satoshi Kitamura

How can you help?

- Listen to your child read, at least 3 times a week and record this in their school planner.
- Help your child to learn spellings.
- Help them learn their spellings by writing them too.

Planners

- Week by week record for reading
- Spellings listed
- Homework listed
- Correspondence

Please check and sign the planners weekly. We will collect them in every **Monday.**

**Children must bring their Planner
into school every day**

Positive Reinforcement - stars (100)

Recording Reading The children will bring home a levelled reading book and a love to read book.

Please make sure that regular reading is happening at home (at least three times a week). To begin with, we would like the children to read to an adult and for the adult to record this in your child's planner. As children become more competent and independent readers we will encourage them to begin to record their own reading.

Children will have the opportunity to change their books when they need to. If your child is a more confident reader, they will be bringing chapter books to read, which may take longer to complete. Please bear with us as we initially establish your child's reading ability.

If your child is currently working through the RWInc scheme, their Reading books will be linked to this and will be sent home in line with the colour group they are reading in. They will be taught RWI within our Year 3 Team.

We are grateful for help from parents who may wish to hear children read in school. Please let me know if you are interested and we will contact you!

Attendance

Your child's attendance % will be shared with you during each parents evening.

If you require any support or advice with attendance and punctuality, please contact the main office to arrange an appointment to see Mrs. McGrail, our Pastoral Care Worker.

We do not authorise holidays during term times except in exceptional circumstances and this is at the sole discretion of the headteacher. Details of this and of information in relation to issuing of fines and other processes that are initiated as a result of unauthorised absence are found in our policy, which is currently in draft form ahead of ratification from school governorship.

Children and young people today are using the immense power of digital media to explore, connect, create and learn in ways never imagined. With this power, young people have extraordinary opportunities, and yet they face many potential pitfalls.

What can you do to keep your children safe?

You don't need to be an expert on the internet to help keep your child safe online. The best advice is to keep children's internet usage open and honest between them and yourselves.

If you are concerned with your child's safety online however, please talk to them about it.

Do some research: saferinternet.org.uk; NSPCC.co.uk

Talk to us, or our E-Safety Leader (Mrs Foster) and share your concerns and we can work together to support your child and yourselves.

Communication

The class teacher or a member of school staff will always be available to welcome children into school each morning. You can mention brief messages to them during this time. However, in-depth discussions will need a meeting to be arranged via the school office.

You can either pop to the office to arrange an appointment, or email our team on office@lmpsdorset.co.uk and someone will get back to you. Both telephone conversations and face to face meetings can be arranged. Alternatively, you can email the class teacher on: If urgent- please let us know.

Finally...

We are extremely excited to start the new year with your children, and we aim to make it as fun and enjoyable for them as possible. We have already had such a positive start with the children and look forward to the year ahead 😊.

Thank you in advance for your continued support.
