

## English

- ◇ Texts: *A Tadpole's Ppromise*. The children will make predictions and explore different sentences focussing on vocabulary used by the author. They will write their own sentences using noun phrases. When writing independently, they will plan their writing and will be encouraged to edit it to make improvements.
- ◇ Reading: Continuing phonics for decoding and comprehension of what has been read, and exploring how we can use these skills to answer questions on what has been read.

## Maths

- ◇ We will be exploring 2D and 3D shapes, with sorting, ordering and reasoning
- ◇ We will then be progressing with our addition and subtraction where we will be looking at using 2-digit numbers with regrouping and exchanging.
- ◇ We will also be continuing with our Mastering Number programme for quick recall of facts.

## Science

ANIMALS INCLUDING HUMANS: We will be continuing with what offspring is, developing our understanding of our and other's basic needs for survival, and the importance of exercise.

# Year 2 Spring 2

## PE

- ◇ Invasion Games; we will be exploring the skills used in invasion games with Mr Noyce
- ◇ Target Games: We will be developing our skills in aiming for a target in game situations

## History

Super Heroes!

We will be exploring the lives of significant individuals in the past who have contributed to national and international achievements; for example, Florence Nightingale, Mary Seacole.

## RE

We will be exploring Easter, with the Resurrection in Christianity

## Computing

Data and Information - Pictograms:  
Collecting data in tally charts and using attributes to organise and present data on a computer.

## PSHE

Being my best: We will be exploring how to stay clean and healthy, learning what my body does and what my body needs. Linking to our science topic

## D&T

We will research moving vehicles and join materials, making axles and design their own vehicle.
