PRINCIPAL'S POST: PARENT EDITION

• Y10 Sports Science Trip

On Thursday 23rd May, a group of Year 10 GCSE PE students had the opportunity for a joint PE/Science visit to Manchester Metropolitan University's Exercise Science Facility in Manchester. The students were given a fantastic insight into what Sports Science is all about and the exciting opportunities that this field of Science can lead to. Pupils experienced firsthand, some of the incredible technologies that are used to measure sports performance. They even got to see the world-renowned Football Referee, Anthony Taylor who was completing his final preparations before heading off to this Summer's Euro's!

Many thanks to Mr Tomlinson (our Science Trainee Teacher) for organising the visit through his extensive contacts in the field of Sports Science.

• Healthy Eating Week 10th- 14th June

As part of Healthy Eating Week, Dr Lorraine Watson (Registered Dietitian) who is a past pupil joined us during the week to deliver a career talk. Pupils learnt about the varied career opportunities that are open to registered dietitians and the qualifications and skills required.
