1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Our school vision: Madeley School is an inclusive school. We believe that all students, including those identified as having a special educational need, have a common entitlement to a broad and balanced academic and social curriculum which is accessible to them, and they should be fully included in all aspects of school life. We believe that all students should be equally valued in school. We strive to develop an environment where all students can learn, participate and achieve the best possible outcomes and feel safe. This does not mean that we treat all students in the same way, but that we will respond to students in ways which consider their varied life experiences and needs. The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Madeley School is an Academy that is part of the Shaw Education Trust. The values of the Shaw Education Trust can be found on the school website at <https://www.madeleyschool.co.uk>

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Aim	Current good practice <i>Include established practice and practice under development</i>	Objectives <i>State short, medium and long-term objectives</i>	Actions to be taken	Person responsible	Date to complete actions by	Success criteria
Increase access to the curriculum for pupils with a disability	The school always collects accurate and up-to-date data on the population of the school with disabilities (student and staff) throughout the year. Students with disabilities have individualized management/support plans as appropriate. (e.g EHCP, Educational Passport, health and care plan). An annual curriculum review takes place to ensure the curriculum is fit for purpose for all students within the school. Students across the Key Stages have an appropriate, differentiated and personalised curriculum to fit their needs. Within their teaching teams, Heads of Faculty monitor students' progress, linked to a member of SLT, student data is analysed on an individual student level. Every child's progress is important the success of school, the data is used by Heads of Year	To ensure the curriculum intent is having impact on students with disabilities.	To increase the use of student consultations for students with disabilities.	LR/EB	July 2021	Curriculum model approved for 2022-22 and learners engaged on appropriate learning pathways.
			To review the curriculum of students with disabilities to ensure they receive a broad and balanced curriculum Inc. practical subjects unless specified via other agencies / professionals.	LR/EB	July 2021	
			To develop the pastoral tracking of students with disabilities (attendance, behaviour and exclusions).	LH	July 2021	
			To ensure professionals are consulted wherever possible when designing management plans for students with disabilities.	EB	Ongoing	

	<p>to monitor students' progress within their year group and discuss appropriate plans of support with Heads of Faculty where necessary. There are guided choices for Y9 with students choosing KS4 courses. This includes discussions with students, parents, Heads of Faculty and SENCo, if necessary. At KS4, the curriculum is increasingly personalised: students choose three options in addition to English, Mathematics, Science, PE and PD. The option plan increases our student's chances of achieving Progress 8 however students are not forced to choose subjects that do not interest them. Through whole school data and SEN specialist testing, students are identified for Access Arrangements (exam concessions) if there is an identified barrier to their future success. The Learning Support Centre (ACE) supports students further (usually with short term interventions), to access the curriculum if required. The 'Bridge' offers a bespoke curriculum for students who may have barriers in accessing a full suite of L2 programmes.</p>

Improve the delivery of information to pupils with a disability	<p>The school seeks support from outside agencies to provide information in appropriate language and print for students or parents who have difficulty with standard forms of printed information. The school will make information for parents available in a range of different formats, should the need arise, and be aware of font size and legibility when producing written information. The school will, if the need arises, aim to provide translation or interpreter services.</p>	<p>To ensure continues to evaluate how to provides information for students and parents with disabilities.</p>	<p>To involve parents and students with disabilities in consultations to ensure we are aiming to continually improve how information is shared.</p>	EB	Ongoing	Records demonstrate consultations as required.
