Aim of this plan

Maharishi School is committed to protecting the welfare of our entire school community and, as such, understands that clear and effective procedures need to be in place to outline the school's response in a variety of situations.

Whilst most incidents within school can be dealt with following day-to-day school procedures, there are more serious incidents which will require an established emergency response – these are as follows:

- An inability to carry out daily and/or critical activities
- Loss of life or serious injury to staff, pupils or members of the school community/public
- Serious damage to, or loss of, a part of/full building or access to a building
- Adverse publicity and/or reputational impacts
- Loss or breach of ICT systems and/or data
- Loss or shortage of staff
- Loss of critical supplier or service

This Business Continuity Plan has been developed to ensure the school is prepared for, and is able to recover from, unexpected disruptions that are critical to the school.

1. School policies and procedures

This plan has been developed in accordance with, and will be implemented alongside, the following school policies and procedures:

- Emergency Plan
- Cyber-security Policy
- Adverse Weather Policy
- Fire Safety Policy
- Invacuation, Lockdown and Evacuation Policy
- Infection Control Policy

In line with the school's Cyber-security Policy, the school ensures that only relevant individuals have access to this Business Continuity Plan, with particular reference to the tables providing an overview of data held by the school within this plan, to uphold data security.

3. Roles and responsibilities

The headteacher is responsible for:

- The overall implementation of this plan and ensuring that staff members are aware of their responsibilities.
- Ensuring the school has the capacity to respond to unforeseen circumstances.
- Determining the school's overall response and recovery strategy.
- Acting as part of the senior incident response team to coordinate a response to an incident.
- Taking lead responsibility for any decisions made during an incident.
- Maintaining the welfare of all staff and pupils.

The business continuity coordinator is responsible for:

- The development of the Business Continuity Plan.
- Acting as a key member of the coordinating incident response team and reporting directly to the headteacher.
- Developing continuity arrangements and strategies, e.g. alternative relocation sites and use of temporary staff.
- Ensuring staff, pupils, governors, and any other relevant individuals, are involved in the development of the plan.
- Actioning practice run throughs of the plan for different emergency situations.
- Conducting debriefs following an incident or practice run through to identify ways in which the plan can be improved.
- Maintaining a log of all key decisions and actions taken in relation to an incident.
- Ensuring relevant staff members are trained to undertake their responsibilities in relation to the plan.
- Maintaining the welfare of all staff and pupils.
- Ensuring this plan is routinely reviewed and updated where necessary.

The senior incident response team is responsible for:

- Announcing when an incident is taking place and activating the response as appropriate.
- Leading the school's initial and ongoing response to an incident.

- Nominating a media and communications coordinator, as part of the coordinating incident response team, to lead on the school's communication response with key stakeholders and liaison with the media.
- Nominating a recovery coordinator, as part of the coordinating incident response team, to lead and report on the school's recovery process, identify next steps to take following an incident, and work with the business continuity coordinator to ensure next steps are incorporated into the plan.
- Notifying relevant stakeholders of the incident, plan activation and ongoing response.
- Providing direction and leadership to the whole school community.
- Managing the deployment of resources.
- Prioritising the recovery of key activities disrupted by the incident.
- Liaising with the coordinating incident response team.
- Maintaining the welfare of all staff and pupils.

The coordinating incident response team is responsible for:

- The general management and coordination of the incident response.
- Liaising with emergency services and children's services.
- Recommending the response of the operational incident response team.
- Maintaining a detailed log of the incident.
- Presenting possible options of response to the senior incident response team.
- Maintaining the welfare of all staff and pupils.

The operational incident response team is responsible for:

- Assisting with the recovery of the school.
- Communicating to and from the senior incident response team and coordinating incident response team.
- Maintaining the welfare of all staff and pupils.

The Business Manager/Caretaker is responsible for:

- Maintaining the security of the school premises during an incident.
- Communicating with the incident response teams during an incident with regards to any building or site issues.

The DPO is responsible for:

- Working alongside the ICT technician to ensure the resilience of the school's ICT equipment and security of the school's data.
- Working with the business continuity coordinator to develop proportionate responses to a compromise of ICT equipment or loss of data.
- Leading the school's response to a breach of the school's ICT equipment and potential loss data, in accordance with the Cyber-security Policy.

4. Critical school activities

The school has identified critical activities which take priority for recovery in an incident, on the basis that if these were not recovered, it would have the greatest impact on the school community such that the school would be unable to deliver the service, or there would be significant harm or risk caused to individuals. These are detailed below.

Critical activity	Resources required	Need for resources (time)	Comments

5. Contractors

In line with the [Critical school activities](#) section of this policy, the following contractors are responsible for carrying out the critical activities identified:

Critical activity	Name of contractor	Name of contact	Telephone number 1	Telephone number 2
Gas	MX Plumbing and Heating Ltd			
Electricity	Joe Gregson Gregson Electrical Services			
Water (Drains)	Colin McCall Drain Magic			
Telephony	Southern Communications			
Internet	Southern Communications			

6. Risk ratings

The school has defined a risk-rating system to determine the likelihood of an incident occurring and the possible impact of such an incident.

Likelihood		Impact	
1	Low	1	Minor
2	Medium	2	Significant
3	High	3	Major

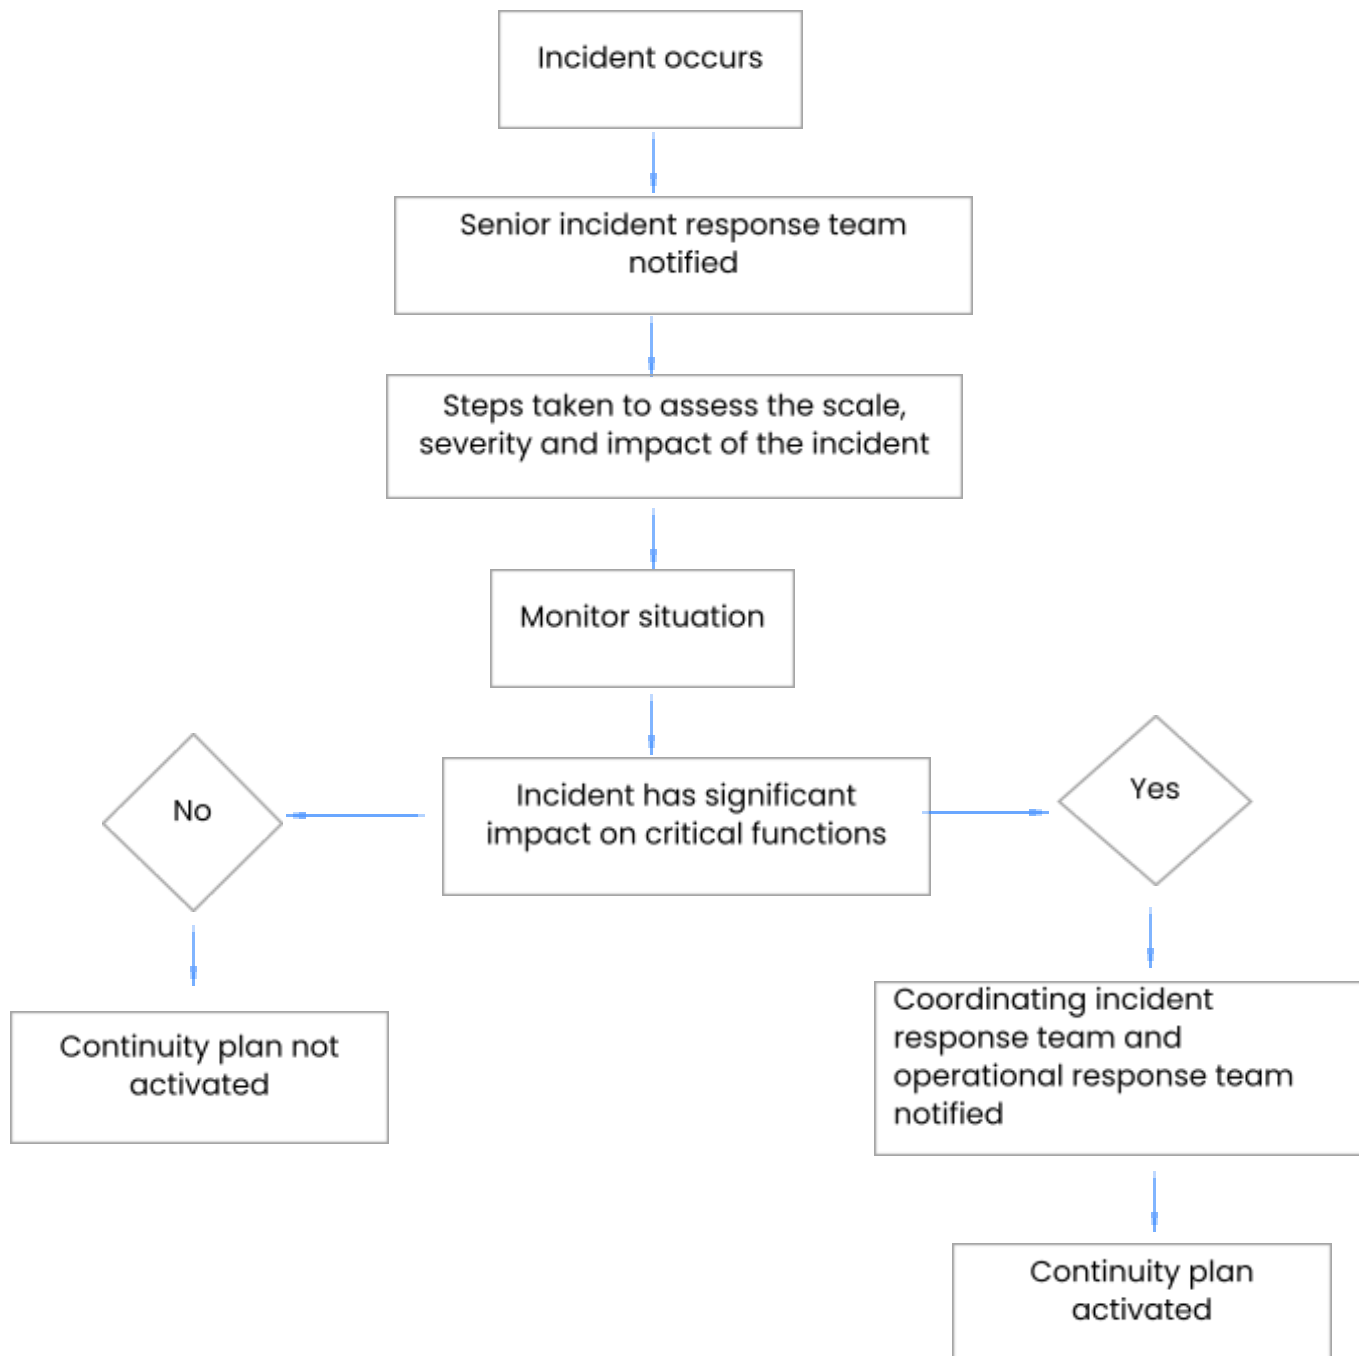

Risk-rating impacts are further defined below:

Risk-rating	Description
Minor	<ul style="list-style-type: none"> Disruption affects a single class, year group or other function and can be managed through normal operational activities Disruption is not serious or widespread and is unlikely to affect school operations to a significant degree No significant impact on staff or pupil safety The senior incident response team needs to be notified and the incident needs to be monitored Possible partial or full activation of the Business Continuity Plan
Significant	<ul style="list-style-type: none"> Disruption affects more than one year group, class or other function and remains self-contained The affected area has the capacity to manage the disruption – with or without support May require activation of specific resources, e.g. ICT Significant impact on staff or pupils' safety Senior incident response team needs to be notified to discuss whether to activate the Business Continuity Plan Escalation of the incident needs to be monitored Likely partial or full activation of the Business Continuity Plan

Major

- Disruption affects the whole school and possibly the local community
- Major impact on pupil or staff safety
- Affected area does not have the capacity to manage the disruption
- Requires the activation of specific resources, e.g. ICT
- Senior incident response team needs to be notified to discuss whether to activate the Business Continuity Plan
- Escalation of the incident needs to be monitored
- Activation of the Business Continuity Plan, where necessary

7. Plan activation

8. Potential disruptions

The school has identified four key disruptions that would be critical to the school's ability to provide a service in the event of an incident, these are:

- Loss of premises.
- Loss of staff.
- Failure of ICT systems.
- Loss of services, e.g. electricity, gas, water or food.

The incident response, continuity and recovery procedures outlined in the Initial response, Business continuity and Recovery sections of this plan are applicable to all incidents; however, the school has identified specific provisions in addition to these procedures for each potential disruption.

Loss of premises

Loss of premises may be caused as a result of fire, flood, loss of essential utilities or another incident. The school has a duty to provide a safe, suitable and secure site for staff and pupils. The provisions outlined below are implemented in accordance with the following school policies:

- Fire Safety Policy
- Bomb Threat Policy
- Adverse Weather Policy
- Invacuation, Lockdown and Evacuation Policy

Disruption	Risk rating		Incident response
	Likelihood	Impact	
Complete loss of site	<u>2</u>	<u>3</u>	<ul style="list-style-type: none">• <u>Alternative sites:</u> <u>1.</u> <u>2.</u> <u>3.</u>• <u>Agreements with local schools where there is</u>

			<u>capacity to accommodate additional pupils</u> <ul style="list-style-type: none"> <u>Off-site activities, e.g. physical activities, school trips</u>
Partial loss of site	<u>1</u>	<u>2</u>	<ul style="list-style-type: none"> <u>Use of alternative on-site buildings</u> <u>Use of temporary accommodation</u> <u>Use of off-site facility if available</u> <u>Off-site activities, e.g. physical activities, school trips</u>
Temporary loss of premises (e.g. utility failure)	<u>3</u>	<u>1</u>	<ul style="list-style-type: none"> <u>Virtual learning</u> <u>Off-site activities, e.g. physical activities, school trips</u>

Loss of staff

Loss of staff is most likely to occur during adverse weather, strike action or an outbreak of disease. It is a critical function of the school to provide a suitable number of teaching staff to deliver pupils' education. The provisions outlined below are implemented in accordance with the following school policies:

- Adverse Weather Policy
- Strike Action Policy
- Infection Control Policy

Disruption	Risk rating		Incident response
	Likelihood	Impact	
Adverse weather	<u>2</u>	<u>3</u>	<ul style="list-style-type: none"> • Alternative teaching arrangements • Alternative transport arrangements • School closure • Use of temporary staff • Cross-skilling staff members • Use of pre-prepared teaching materials • Suspending non-critical activities • Larger class sizes, where possible • Mutual support agreements with other schools

			<ul style="list-style-type: none"> • <u>Suspending non-critical activities</u> • <u>Larger class sizes, where possible</u> • <u>Mutual support agreements with other schools</u>
Outbreak of disease	<u>3</u>	<u>3</u>	<ul style="list-style-type: none"> • <u>Alternative teaching arrangements</u> • <u>Alternative transport arrangements</u> • <u>School closure</u> • <u>Use of temporary staff</u> • <u>Cross-skilling staff members</u> • <u>Use of pre-prepared teaching materials</u> • <u>Suspending non-critical activities</u> • <u>Larger class sizes, where possible</u> • <u>Mutual support agreements with other schools</u> • <u>Hygiene precautions</u>

Failure of ICT systems

Failure of ICT systems may occur as a result of a fire or flood disaster or may be caused by a data security breach. The school has a responsibility to uphold the security of all data it holds. The provisions outlined below are implemented in accordance with the following school documents:

- Cyber-security Policy

Disruption	Risk rating		Incident response
	Likelihood	Impact	
Failure of ICT system	<u>2</u>	<u>3</u>	<ul style="list-style-type: none"> • <u>Back-up paper system</u> • <u>Back-up server</u> • <u>Disaster recovery contacts</u> • <u>Off-site back-up arrangements</u> • <u>'Cloud' arrangements – secure external network</u> • <u>Virtual learning</u> • <u>Report data loss to ICO where necessary</u> • <u>Notify data subjects where necessary</u>
Loss of data	<u>1</u>	<u>3</u>	<ul style="list-style-type: none"> • <u>Back-up paper system</u> • <u>Back-up server</u> • <u>Disaster recovery contacts</u> • <u>Off-site back-up arrangements</u> • <u>Cloud arrangements – secure external network</u> • <u>Report data loss to ICO where necessary</u> • <u>Notify data subjects where necessary</u>

It is essential to maintain effective ICT back-up arrangements in order to prepare for, and recover from, any failure of an ICT system or loss of data. The ICT technician is responsible for conducting regular ICT back-ups in accordance with the Cyber-security Policy.

The school adopts the following back-up procedures for electronic data:

[Outline your school's back-up procedures, including how information is backed up, what information is included, how often it is saved, where it is stored and how information would be restored.]

The school records some information using paper-based records, for example, coursework or examination papers. The ICT technician is responsible for maintaining paper records.

In line with the Paper-based records section of this policy, the school adopts the following back-up procedures for paper-based records:

[Outline your school's back-up procedures for paper-based records and the procedures in place to ensure information is stored as securely as possible.]

Loss of services

Loss of services may occur, for example, where a service provider suffers a critical incident and they are no longer able to provide the service to the school. The school has a responsibility to ensure that pupils and staff are provided with a safe environment at all times. The following provisions outline the school's response in the event of a loss of a service:

Disruption	Risk rating		Incident response
	Likelihood	Impact	
Electricity/gas loss	2	3	<ul style="list-style-type: none"> • Additional portable heaters • Pre-identified alternative suppliers • Insurance cover • Mutual support agreements with other schools
Water loss	1	3	<ul style="list-style-type: none"> • Pre-identified alternative suppliers
