

School Meals

Please find enclosed the instructions for booking meals on ParentPay. You will need your ParentPay activation letter with the activation codes. You will receive this from the office in the first week your child starts the school.

You may have heard about the Governmental initiative to provide free meals to all school children in Reception, Year 1 and Year 2. This scheme is in addition to the existing system of free school meals for families on certain types of benefit, which continues for all children at school. You need to make your bookings on ParentPay but you will **not** be asked to pay. **If for some reason you are asked for payment, please contact the school office.**

Maharishi School operates a three week rotational menu for school meals. All meal ordering is done via the ParentPay system.

As a school we are part of the global initiative 'Meat Free Monday'. Over 50 schools support Meat Free Monday in the UK. The government's School Food Standards recommend in the guidance notes a weekly meat-free day for all children.

Meat Free Monday is a simple, effective and fun way to help children become healthier, informed citizens who can contribute to finding solutions for a more sustainable future. Launched by Paul, Mary and Stella McCartney in 2009, the campaign encourages people to skip meat at least one day a week to reduce their carbon footprint and improve their health.

Meat Free Monday is good for your health

- Thousands of lives a year can be saved in the UK (and over £1 billion in healthcare costs) by people eating less meat.
- Having as little as one sausage or two strips of bacon every day increases a person's risk of heart disease and diabetes.
- The government recommends eating five portions of fruit and vegetables each day for good health, but the majority of people in Britain eat less than three.

Meat Free Monday is kind to the planet

- A third of all land on Earth is used for meat production.
- An area of rainforest the size of a hundred football pitches is cut down every hour to create room for grazing cattle.
- Doing Meat Free Monday for a year reduces a person's carbon footprint by more than a whole month of not driving their car.

The children in our school who have hot dinners have meat-free menu choices each Monday and we encourage children who have packed lunches to bring in a meat-free lunch every Monday.

There are whole US school districts taking part in Meatless Monday; for example,

- Los Angeles,
- Baltimore,
- Philadelphia,
- Detroit,
- San Diego.

In Europe, cities providing meat-free days through their public catering include:

- Ghent, Hasselt and Mechelen (Belgium)
- Helsinki (Finland)
- Bremen (Germany)
- Lausanne (Switzerland)
