1. Aims

Our SEND policy and information report aims to:

- Set out how our school will support and make provision for pupils with special educational needs and disabilities (SEND).
- Explain the roles and responsibilities of everyone involved in supporting pupils with SEND

Maharishi School believes that all children and young people are entitled to receive a broad and balanced education that enables them to achieve their full potential in becoming confident, independent young adults ready to make a successful transition into the wider world, whether into employment, further or higher education or training.

The aims of our approach to SEND are:

- To have an inclusive approach to education
- To ensure that the necessary provision is made for any pupil who has special educational needs and/or disabilities (including hidden disabilities).
- To raise aspirations and expectations of all students

2. Legislation and guidance

This policy and information report is based on the statutory <u>Special Educational Needs and</u> <u>Disability (SEND) Code of Practice</u> and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities
- <u>The Special Educational Needs and Disability Regulations 2014</u>, which set out schools' responsibilities for education, health and care (EHC) plans, SEN coordinators (SENCOs) and the SEND information report

This policy also complies with our funding agreement and articles of association.

3. Definitions

A pupil has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

• A significantly greater difficulty in learning than the majority of others of the same age

or

• A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

4. Roles and responsibilities

4.1 The SENCO

The SENCO is Lisa Walters. The Assistant SENCO is Laura Gaskell.

They will:

- Work with the headteacher and SEND governor to determine the strategic development of the SEND policy and provision in the school
- Have day-to-day responsibility for the operation of this SEND policy and the coordination of specific provision made to support individual pupils with SEND, including those who have EHC plans
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEND receive appropriate support and high quality teaching
- Advise on the graduated approach to providing SEND support

- Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Be the point of contact for external agencies, especially the local authority and its support services
- Liaise with potential next providers of education to ensure pupils and their parents are informed about options and a smooth transition is planned
- Work with the headteacher and governing body to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Ensure the school keeps the records of all pupils with SEND up to date

4.2 The SEND governor

The SEND governor will:

- Help to raise awareness of SEND issues at governing body meetings
- Monitor the quality and effectiveness of SEND and disability provision within the school and update the governing body on this
- Work with the headteacher and SENCO to determine the strategic development of the SEND policy and provision in the school

4.3 The headteacher

The headteacher will:

- Work with the SENCO and SEND governor to determine the strategic development of the SEND policy and provision in the school
- Have overall responsibility for the provision and progress of learners with SEND and/or a disability

4.4 Class teachers

Each class teacher is responsible for:

- The progress and development of every pupil in their class
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching
- Working with the SENCO to review each pupil's progress and development and decide on any changes to provision
- Ensuring they follow this SEND policy

5. SEND information report

5.1 The kinds of SEND that are provided for

Our school currently provides additional and/or different provision for a range of needs, including:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

5.2 Identifying pupils with SEND and assessing their needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and key stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEND.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

5.3 Consulting and involving pupils and parents

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take the voice of the child into account
- We take into account the parents' concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

We will notify parents when it is decided that a pupil will receive SEND support.

5.4 Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of assess, plan, do, review.

The class or subject teacher will work with the SENCO to carry out a clear analysis of the pupil's needs. This will draw on:

- The teacher's assessment and experience of the pupil
- Their previous progress and attainment and behaviour

- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services, if relevant

The assessment will be reviewed regularly.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

5.5 Supporting pupils moving between phases and preparing for adulthood

We will share information with the school, college or other setting the pupil is moving to. Pupils moving from one class to another, from primary to secondary phase or from year 11 to college will be prepared for this by:

- Pupils in the primary phase will spend a minimum of 1 day in their new classroom during the summer term
- Year 6 pupils will have an Induction day in the secondary phase
- In certain circumstances, pupils may spend a longer period of time in their new environment dependant on the needs of the individual
- Year 6 parents and pupils will be invited to a Secondary phase Information Evening during the autumn term
- Year 11 pupils will be provided with information about college choices and have the opportunity to attend college Taster Days. Support can be offered for college assessments and interviews. We liaise closely with post 16 establishments to pass on relevant information and, where necessary, arrange transition sessions.

5.6 Our approach to teaching pupils with SEND

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High quality teaching is our first step in responding to pupils who have SEND. This will be differentiated for individual pupils.

All pupils are encouraged to take part in sports day/school plays/special workshops, etc.

No pupil is ever excluded from taking part in these activities because of their SEN or disability.

The school recognises that students at school with medical conditions should be properly supported so that they have full access to education, including school trips. Some children with medical conditions may be disabled and where this is the case, the school will comply with its duties under the Equality Act 2010 to make reasonable adjustments where appropriate. The Disability Access Statement which is published on the website, details the provision that Maharishi School offers:
