

The Early Years Pupil Premium

Nurseries, schools, childminders and other childcare providers are able to claim extra funding through the Early Years Pupil Premium to support children's development, learning and care. This document explains what the Early Years Pupil Premium is and who is eligible for this funding.

The Early Years Pupil Premium provides an extra £1.00 per hour for all funded children whose parents are in receipt of certain benefits or who were formally in local authority care but who left care because they were adopted or were subject to a special guardianship or child arrangements order. This means an extra £570.00 a year for each child taking up the full 570 hours of Universal early education funding.

You will need to seek parents' permission (depending if they are eligible) to claim the premium and a declaration is included in the Parental agreement. This will need to be completed annually so you will need to request the parent to update the declaration after 12 months.

The link to the DfE site with some sample letters/forms which you can use and tailor to help you explain EYPP to parents and also identify who is eligible is below:

Attached is an example letter which can be copied and pasted into your own document and personalised as required.

Please do not seek to obtain an EYPP declaration for every funded child. Not every family is eligible to claim EYPP and by capturing data unnecessarily there could be issues with adherence to Data Protection as the data collected is classed as sensitive. The council will eligibility check all families submitted for EYPP, via the Eligibility Checking Service the DfE are providing for us.

Please find below the overview of who is eligible to claim EYPP:

We can use the extra funding in any way we choose to improve the quality of the early years education that we provide for your child. This could include for example additional training for our staff on early language, investing in partnership working with our colleagues in the area to further our expertise or supporting our staff in working on specialised areas such as speech and language. ***[You could personalise this section with your plans for EYPP].***

Therefore we ask that **ALL PARENTS/GUARDIANS** who think they are eligible fill in the EYPP section of the Parental Agreement & Funding Claim Form. This will allow us to claim the additional Early Years Pupil Premium.
