

Margaret McMillan Nursery School and Children's Centre

Vision and Values

Margaret McMillan Nursery School and Children's Centre is a place where:

- The child is at the centre of everything we do.
- Children are supported to realise their full potential intellectually, emotionally, socially and physically.
- There is an effective and supportive partnership between children, parents, staff and the wider community.
- Everyone can benefit from sharing in a community in which difference and individual contribution is valued and celebrated.
- Everyone can feel part of a reflective learning community seeking to continually evaluate and enhance the provision in order to improve the life chances for all the children and their families.
