Mary Howard and St. Andrews: Growing and Flourishing Together

In the heart of the Mease Valley, Mary Howard Primary School and St. Andrews Primary School stand as shining examples of our shared vision and values. Every day, our dedicated staff and enthusiastic children demonstrate the essence of our motto: "Grow and Flourish."

As we embark on new topics this term, excitement fills the classrooms. In Class 1, our young learners have been diving into the world of storytelling, crafting character descriptions about the mischievous Evil Pea! Their creativity knows no bounds as they explore the depths of their imaginations.

Meanwhile, our Year 2 children are showcasing their linguistic talents by brainstorming amazing adjectives and synonyms. They have been busy creating expanded noun phrases, enhancing their writing skills and bringing their ideas to life.

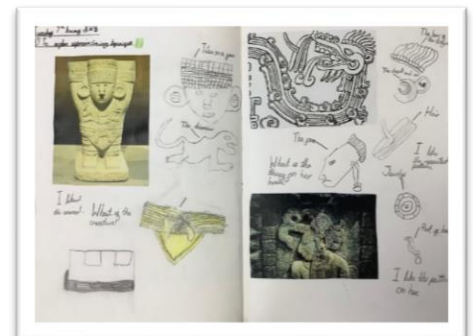

In Class 2, the adventure continues as students delve into the fascinating life of Romans. They are not just learning about history; they are transforming into soldiers, experiencing the discipline and camaraderie of Roman life.

Class 3 is fully immersed in the wonders of the Mayan civilisation. Our children are exploring ancient cultures, fostering a sense of curiosity and appreciation for history that will last a lifetime.

Beyond academics, our schools are also committed to fostering a spirit of competition and teamwork. We are excited to announce a series of sporting events against other schools in the Tamworth area and TSSMAT. Upcoming competitions include athletics, dance, cross country, and football. Our schools thrive on this friendly rivalry, supporting one another as we compete and celebrate our achievements together.

At Mary Howard and St. Andrews, we believe in nurturing every child's potential, ensuring they feel valued and cherished as part of our vibrant community. We currently have spaces available for new children, and we invite you to discover the hidden gems of our schools. If you would like to tour our wonderful facilities and meet our passionate staff, please contact us.

Join us in our journey of growth and flourishing, where every child is inspired to achieve great things!

Warm regards Rachel Mills

Executive Head of these wonderful schools
