Additional Comments:					

As you know, I am leading the development of remote learning across the federation. Could you please scribe or ask your child to write a short paragraph detailing how they have found the remote learning during this current lockdown in the additional comments box? Their feedback will help us to improve our provision of remote/blended learning in future. If you have any other questions or queries you can also contact me via the email: office@maryhoward.staffs.sch.uk

Thank you for your continuing hard work children.
