

Week Commencing 1st June 2020

Year 5 activities:

1. Reading plus – it is important children continue to read so try to get on reading plus as much as you can.
2. TT Rockstars competition – Year 5 boys VS Year 5 girls.
3. I have set this week's spellings on Spelling Shed.
4. Numeracy activities – there are five activities for you to complete (1 per day); these have been attached to the Year 5 page on the website. On the document it gives you step by step instructions on how to successfully complete the activity. However, I have now introduced some problem-solving questions which will require a bit more thought. Once complete, please send the work to Mr Stockdale.
5. Writing – Jane Considine Sentence Stacking YouTube video – you will just need some paper and a pen (maybe some different coloured pens would look nice). If you type 'sentence stackers' into YouTube you should find it. Pick one that you haven't done.
6. Writing – an alternative to the Jane Considine activity is the pobble writing. Here is the website:
<https://www.pobble365.com/>
7. Geography – LID project – I would like you to pick a Mountain in Cumbria and create a fact file on it and answer the following question 'How are Mountains

formed?' Then I would like you to create a model of a Mountain (this will be quite a lengthy activity).

8. Science – complete the sheet on pollination, placing the names of the flowers and statements into the correct column.

9. Mindfulness activity – glitter jar – check the mindfulness document for this activity. If you want any more Mindfulness activities click on the following link:

<https://www.teachstarter.com/gb/blog/classroom-mindfulness-activities-for-children-gb/>

Please send any completed work to Mr Stockdale through SeeSaw and don't hesitate to contact him if you have any issues.

Stay Safe 😊
