Vision Statement

Barr Beacon School's staff and governors are committed to ensuring that all pupils are offered the best possible opportunity to reach and exceed their potential, irrespective of their ability. We believe that no child is left behind and strive to make Barr Beacon the best school in the country.

Context

This plan seeks to address the statutory requirements of the Equality Act 2010 (which replaces the Disability Discrimination Act 1995) and to further the aims of our vision statement by:

Continuing to improve all aspects of the physical environment of the school site, curriculum access and information accessibility which will allow all disabled pupils to take full advantage of the education and associated opportunities provided by the school.

Whilst we commit to reasonable adjustments being made to accommodate all pupils and staff, allowing them to participate fully in school life, the physical geography and location of the school site prevents us from being fully accessible.

Specific Priorities include:

- To review all paving slabs and replace as appropriate with new or flat tarmac surfaces.
- To review all hand rails around school site ensuring their appropriateness and visibility.
- To service, review and upgrade the school fire alarm as appropriate, as finances allow.
- To review the schools responsibilities in this area under the provisions of the Equality Act (2010).

In addition to these priorities Barr Beacon School will:

- Consider making relevant switches, alarm controllers, and door handles at wheelchair height for new installations.
- Provide Evac chairs for relevant areas of the site and ensure ongoing training.
- Consider the provision of an induction loop in the main reception area if finances allow.

Curriculum Access

The school's Vision Statement and SEND Policy make clear the schools approach to the delivery of the curriculum. The school actively seeks the support and advice of all relevant services/agencies to ensure the curriculum is accessible (where physically possible) to all students. Relevant modifications to the delivery of the curriculum are negotiated on an individual basis as required.

Specific priorities include:

- The PE activities offered to pupils based on individual needs.
