Mayfield School

Enrichment Analysis – Educational Visits in 2025-2026

Narrative Summary

Mayfield School completed approximately **140 educational visits and off-site learning activities** between September 2025 and August 2026.

Our visits programme demonstrated our commitment to a highly ambitious approach to Preparation for Adulthood, with a strong emphasis on community access, independence, employability, health and wellbeing.

The frequency and range of visits show that learning is regularly extended beyond the classroom, enabling pupils to develop practical life skills through authentic real-world experiences.
