

Enrichment and Personal Development

Learning Beyond the Classroom

We know that some of the most important learning takes place beyond formal lessons.

Our extensive enrichment programme provides students with opportunities to develop confidence, independence and life skills through meaningful experiences.

Work Experience

Students participate in a wide range of placements including:

- Retail
- Hospitality
- Grounds maintenance
- Childcare
- Libraries
- Community projects
- Animal care
- Administration
- Education settings

School Jobs Programme

Students can apply for meaningful school-based roles including:

Site Team Assistant

Supporting the maintenance and presentation of the school environment.

Café Assistant

Customer service, food preparation and hospitality skills.

Administration Assistant

Supporting office-based tasks and communication.

Library Assistant

Organisation, customer service and record keeping.

Student Leadership Roles

Representing the student voice across the school.

Duke of Edinburgh's Award

Students have the opportunity to participate in the Duke of Edinburgh Award programme, developing:

- Resilience
- Teamwork
- Leadership
- Independence
- Problem solving
- Community contribution

Residential Experiences

Students take part in residential visits which support:

- Independence
- Confidence building
- Social development
- Community living skills
- Personal responsibility

Vocational Education (VOCED)

Our vocational pathways provide practical learning opportunities linked to future employment and adult life.

These experiences may include:

- Hospitality
- Catering
- Horticulture
- Animal care
- Enterprise projects
- Retail experiences
- Community-based learning

Construction and maintenance projects
