

Year 1 Home Learning (Aut 2)  
Maths Tasks

**Task 1:** Use concrete objects to represent number bonds to 10.

Using objects around your home, **how many ways** can you find to **make 10 out of two numbers**?

Here are some ideas for objects you could use:

Maths Tasks

**Task 2:** Represent number bonds to 10 pictorially.

Complete the ten frames and addition sentences for each number bond to 10.

$$\boxed{1} + \boxed{9} = \boxed{10}$$

$$\boxed{2} + \boxed{8} = \boxed{10}$$

$$\boxed{3} + \boxed{7} = \boxed{10}$$

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

$$\boxed{4} + \boxed{6} = \boxed{10}$$

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

$$\boxed{\phantom{0}} + \boxed{\phantom{0}} = \boxed{\phantom{0}}$$

Maths Tasks

**Task 3:** Match the ten frames to the number sentences.

$$3 + 7 = 10$$

$$6 + 4 = 10$$

$$2 + 8 = 10$$

$$5 + 5 = 10$$

What do you notice about  $4 + 6 = 10$  and  $6 + 4 = 10$ ?

Maths Tasks

**Task 4:** Solving one-step problems involving addition.

Complete the first example with an adult. Then have a go at solving the second problem by yourself.

Complete the sentences.

a)

There are  white bears.

There are  brown bears.

There are  bears altogether.

There are  horses.

There are  sheep.

There are  animals altogether.

Can you write a number sentence for this problem?

Maths Tasks

**Task 5:** Solving one-step problems involving addition.

There were 2 frogs in a pond.  
4 more frogs jumped in.

How many frogs are there  
altogether?

Can you write this as a number sentence?

$$\square + \square = \square$$
