

we play hockey

a cloud in the sky

my dad wears a tie

lots of beads

the boy is smiling

the girl is reading

the bottle of glue

they argue

the saw in the shed

the teacher's whistle

the giant elephant

the church pew

three screws

my big toe

the house is haunted

a climbing monkey

the slithering snake

an even number

a tall slide

the dog's bone

she plays the flute

a cube of cheese
