

Creative Careers Roadshow

Mayfield School welcomed for the second year the 'Creative Careers Roadshow' workshop on 22nd October 2019. Year 9 and 10 Performing arts (drama, dance, music) pupils got to take part in an interactive workshop run by staff at the Portsmouth Guildhall. This included staff who have taken on a variety of roles within the creative industry over time. This workshop gave pupils an indication of the wide variety of roles in the creative industries and what opportunities they could have. This linked into post 16 options and thinking about their future career destinations. This experience is invaluable for pupils and helps pupils to develop their ability to interact with local employees and ask questions about their potential futures.

Pupil Quotes:

Year 10: "This has given me a much bigger variety of the jobs to think about in this industry"

Year 9: "This has given me a good understanding of the careers in the creative industry"

If your child took part in this workshop please do speak to them about it and any feedback welcome to denfordr@mayfield.portsmouth.sch.uk

(This activity has allowed out pupils to interact with employers and employees of a local company (B5) and also links to local Labour market information (B2)).
