

Endeavour House – Weekly Update

Week ending Friday 12th June 2020

Hello Endeavour!

I hope you have all had a good week and have managed to get yourself back into some sort of routine and keeping up with your home learning. I know your tutors would have already mentioned in their weekly emails about the importance of keeping up with the learning at home but it will really make a difference for when we return back to school. We are not asking you to work every single minute of the day but please make sure you have some sort of routine which balances your home learning with your leisure and relaxation time. If you need any help or guidance with this, then please email your tutor and myself and we will be more than happy to help you out and come up with a plan. Always good to hear from you guys!

This week I have kept myself busy with my school work, house chores and regular exercise. I am particularly excited about live sport coming back, starting with the New Zealand Super rugby starting at the weekend. This will be followed by football back in England the following week! I was also particularly pleased to hear about the outcome of Portsmouth's League 1 campaign this week and the outcome leading them to make the play off's against Oxford - fingers crossed for promotion through the play offs.

Lastly again, a massive thank you to everyone that sent in either a video or picture to contribute to the Endeavour lockdown video which is now available to view on the school Facebook page. Once you have seen it, make sure you give it a 'like' as this will count towards the vote for the house competition. The house video with the most 'likes' wins and the house is awarded 350 achievement points. If you are yet to watch the video then head over to the social media right now!

As ever, if you need any help, guidance or just want to let me know how you are, then I am only an email away. It would be lovely to hear from you!

Stay safe,

Mr Campbell (campbellj@mayfield.portsmouth.sch.uk)
