

Endeavour House – Weekly Update

Week ending Friday 3rd April 2020

Hello Endeavour!

Firstly, I hope you are all well and thank you ever so much for those of you that have sent myself and Miss Hutchinson an email. They really do keep us entertained and, most importantly, let us know that you are safe and well.

I can't believe a week has gone by already since I last spoke to you but I am hoping you have found yourself a routine, dedicating your time to some home learning, exercise, entertainment and spending time with your family and that you're not all just playing computer games or watching Netflix!

I have certainly managed to myself into a routine which consists of working from home, working out, and getting jobs done around the house without trying to wind up my wife at the same time! This week I have been lucky enough to create my own home gym in my garage which I am particularly pleased about, however I am not getting up at 5.30am to use it and instead have moved my training sessions until after lunch.

I have also managed to clean up and get the barbecue working, which I have already used three times. I have also heard we are expecting some great weather on Sunday so again the barbecue will come in handy. I am starting to get that summer feel!

Remember to keep up your acts of kindness during these difficult times; even before this pandemic I always believed in one good deed a day. This should be something we do all the time and not just during difficult times. I have offered this week to shop for my elderly neighbours to prevent them from having to leave their house, however I am a little worried about the bill!

What act of kindness have you done this week?

Lastly, I just wanted to wish our Endeavour Year 11's all the best for the future. We have said farewell to a lovely year group under difficult circumstances. It made me a little sad that we were unable to have a house assembly to say goodbye to them in style. They have all worked incredibly hard over the last five years and have been fantastic role models to many. I know they will go on to further education, or the start of their careers, being able to demonstrate their strength and determination to achieve whatever they want to.

GOOD LUCK YEAR 11!

Anyway, please email me if you need anything, or just to say 'hi!'

Stay safe,

Mr Campbell (campbellj@mayfield.portsmouth.sch.uk)

My home gym which is keeping me entertained everyday 😊

(Thanks to Mayfield for letting me borrow a spin bike).
