

Head of Pre-school and Nursery

The topic will continue with the theme Winter. In class we are exploring textures colour shapes and form to create artwork and achieve their planned effect. They are learning to articulate their own ideas and adapt their work if necessary.

Learning Intentions linked to class subject:

- Create ice hangings for indoors and outdoors to observe throughout the day talk about what is happening looking at cause and effect.
- Create props for role play.
- Develop mathematical Language.
- Talk through their ideas and help extend critical thinking through asking questions.

Snack -we offer a daily snack for the children in both rooms from your voluntary contributions, without your support we could not offer this provision to the children, thank you in advance. Children can stay for lunch at a cost of £6.00.

The homework will be sent home which is linked to topic this week it is Number matching. The letter sound for the week is 'M'. Thank you in advance for continuing to create a collage with your children we use their work at circle time to promote speech sounds.

Finally, a gentle reminder to please send your children into school with their coat, hat, and gloves as we play outside daily and please remember to label all items of clothing.
