Message from the Head

A half term of partnership, sporting success, celebration, raising awareness, resilience in tests and musical talent.

Welcome to the Summer 1 edition of our half-termly Mayfield News. It was exciting to be able to share the news of our new venture working in partnership with Salterns Academy Trust and the two schools, Admiral Lord Nelson and Trafalgar. We are already working closely with the Trust and have strengthened our collaborative working within particular subject departments across the seniors. Further reviews continue to take place to help the Trust better understand our school, staff, pupils and our wider community.

As we head into the second half of the Summer, it is good to reflect on the successes of this term such as the positive victory for our

Year 9 boys football team against Springfield in the senior boys Portsmouth Cup Finals. It was also great to celebrate the fact that Mayfield reached another senior boys Portsmouth Cup with our Year 11 team. Although the result did not go in our favour, the game was a great spectacle, watched by many staff, pupils and families, cheering on our players who did so well to get this far. Our girls football team was also successful where pupils from years 8, 9, 10 and 11 won 11 - 0 recently. I look forward to sharing how they get on in the Portsmouth Cup Semi-Final against Priory hoping to make the Final to end the football season on a high.

It was a pleasure being invited to watch the Primary Dance Live team perform in the final at the Guildhall. The dancing

CONT...

was of a very high standard and our team produced an excellent display of dance, creativity and movement. It was an amazing evening and our team thoroughly deserved third place. The children represented the school excellently and they were rightly proud of their achievements, as was everyone who went to cheer them on. Both our senior and primary teams are already thinking about next years' event.

It is definitely turning out to be a very successful year for our sports and dance teams.

In addition to the success, we had much celebration. In the build up to the King's Coronation, our primary pupils celebrated the significant event in style with an outdoor street party. The field by the main entrance was full of pupils dressed in red, white and blue with handmade crowns. The pupils enjoyed their cake and squash, sang the National anthem, and ended the afternoon with a very loud version of 'Sweet Caroline'! It was also interesting to hear pupils' views about the Coronation after the Bank holiday weekend.

The importance of raising awareness of anxiety and mental

health was highlighted during Mental Health Awareness Week. Pupils and staff across the school thought about ways in which they can help themselves, and each other, if they are feeling anxious. It was also great to see so many people showing their support by wearing their green ribbons and primary pupils and staff dressed in a variety of shades of green. This support saw us raise £351.48 for the Mental Health Foundation.

This time of the year for schools has seen pupils across the Key stages taking tests. The first being Year 6 who took their statutory KS2 tests. This led into the Year 2 statutory KS1 tests and now the Year 11 GCSE exams. The pupils across the school have been demonstrating a positive attitude and great resilience to do their best and apply their knowledge. They have supported each other immensely, whether that be a handshake, a good luck, or a fist pump. There is a sense of togetherness when we all understand the pressures that we and others may face. As a result, pupils have shown care, empathy, and thoughtfulness and have approached these tests with increased confidence.

Taking advantage of the
CONT...

complimentary breakfast and bagels every morning, has definitely been a welcomed boost.

Lastly, to end the week, our amazing musicians from across the school provided an evening of musical entertainment from playing the piano to singing to playing the guitar to drumming. Each performance was incredible and demonstrated the confidence of all our children. I left the evening feeling lifted and inspired.

I would like to say a big thank you to everyone, including our fabulous team of staff who have helped in and supported the events which have taken place this half term.

Mr A Howard

Headteacher

Mayfield School

Message from the Head of Seniors

We have had a very busy Summer 1 half-term. So many of the things that the Senior section have undertaken have been sent out to you every week on the Mayfield Messenger. We have had DoE practice walks, football finals, careers events, a visiting artist and an awful lot of exams - to name just a few of the things we have run alongside “normal” school!

CONT...

I have continued to run Hot Chocolate Friday.

The nominations this half-term have been:

Victory - Tilly-Marie, Daniel, Joel, Gracie, Holly, Daniel, Millie and Charles

Discover - Woody, George, Evie, Dollie, Sofia, Lottie, George, Leontas-Rose and Megan

Intrepid - Bella Mae, Ada, Ricardo, Evelyn, Sara, Amandeep, Sama, Nicole, Max, Darcie and Callum

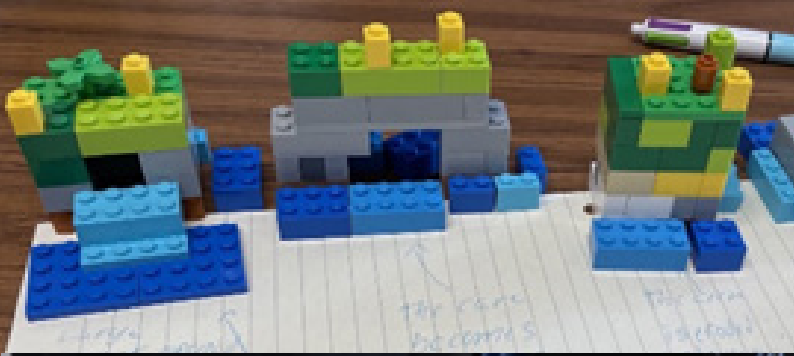

Endeavour - Daniel, Grace, Avani, Mason, Eesha, Ami, Evie and Amelia

I asked the Heads of House to select pupils who always do the right thing - and they were an absolute joy to spend time with.

The Senior Section celebrated the Coronation with cakes in tutor time and a royal quiz - thank you to Lenny and Jamie for helping to deliver the cakes to the tutor groups.

CONT...

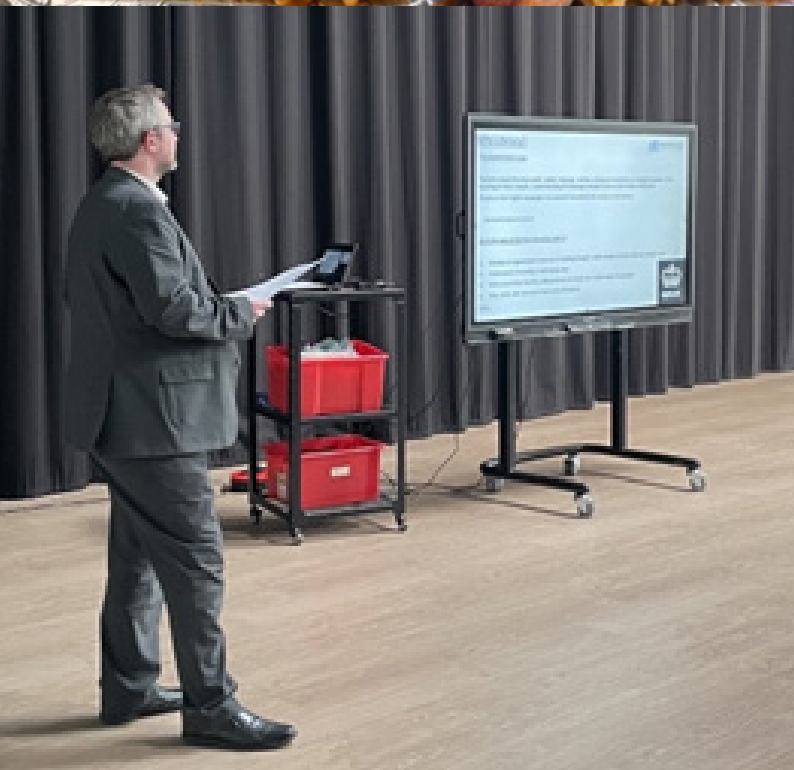

This half-term, I have been in many lessons and just want to share a few gems I have seen with you.

I was honoured to be called to judge in a Year 7 Geography lesson where the formation of stacks was being modelled in Lego!

Year 8 have been enjoying food in their technology rotation this half-term. I was with 8B when they made pasta-bake and was very impressed at how hard they worked - I hope they tasted as good as they looked when they got home to be eaten!

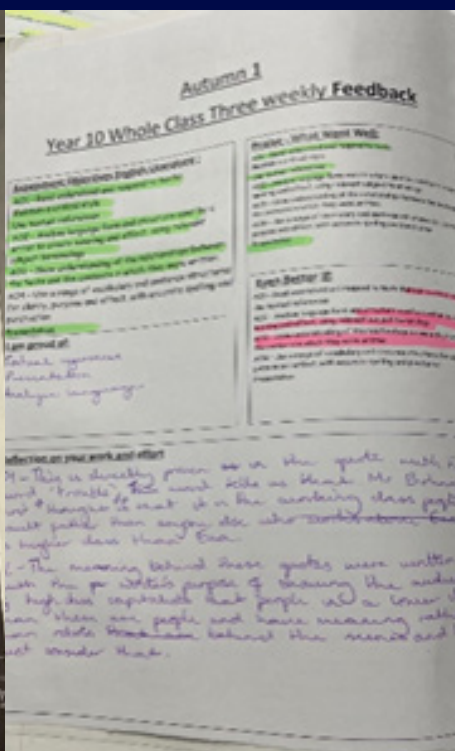

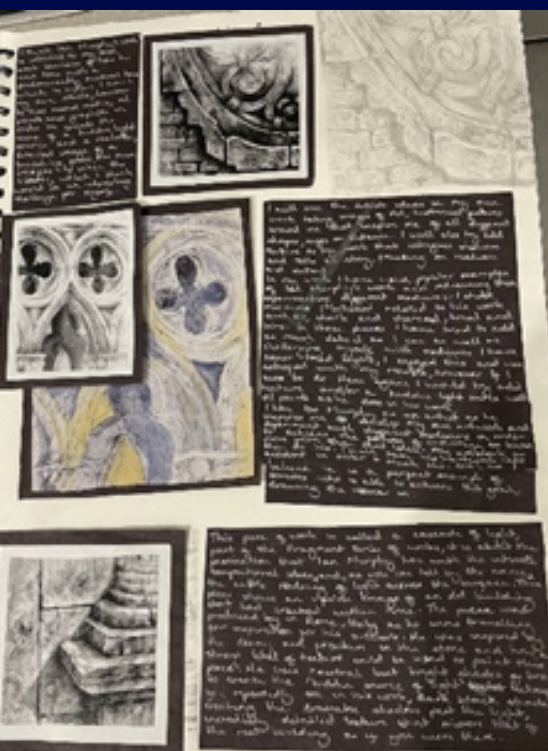

I would like to extend a thank you to both Mr Clark-Lyons and Mr Tite who ran a literacy information evening for us this half-term. Thank you to all the parents and carers who came along to find out about the GL Exact testing we will be running with the pupils. The information will have come out to you on ClassCharts. It was a great evening with some lovely examples of literacy across the Senior Section on display.

CONT...

By the time I write the next one of these, Year 11 will have finished Mayfield. Exams will be done, leavers assembly and Prom will just be memories. I want to take this opportunity to wish every one of them the very best for the exams - they will be awesome!

As a thank you to our Senior Prefect team I had them for Hot Chocolate this week- thank you to Jamie, Lenny, Emily and Oliver for being great role models for all of the Mayfield pupils.

Miss L Hillier
Head of Seniors
Mayfield School

House News

Endeavour

This term Endeavour have been focusing on our local community to build a positive relationship and help others.

It has been our charity week with many events taking place including a sunflower sale for Primary pupils and a Bake sale for seniors. There is also a football tournament for year 7 taking place on Tuesday

23rd May. Endeavour house have chosen to raise money for Rowans Hospice who provide end of life care.

The great news is that Endeavour are leading the House Cup standing, hopefully we can keep this going so we can pick up the cup at the end of the year.

Our Restorative Champions mentoring group have started to plan some ideas they have on how to improve our community ethos further.

Miss Hutchinson

Victory

It has been a busy summer term in Victory house. This month we have been driving our resilience with badges presented in Assembly and a big push on uniform standards. Thank you to all our pupils and their families for support on this drive to raise standards.

We also rewarded our Year 10 students, to celebrate their excellent career interviews. They were recognized for their confidence.

Have a great half term to all Victory pupils!

Mr Denford and Mr Browning

Discovery

This term has been a good term for Discovery as we have been pushing the Responsible badges with the students. Responsibility includes taking ownership of equipment and learning as well as showing positive behaviours around the school. We want to say a huge congratulations to Jadesola O, George S, Daria D, Kristina D, Dollie P, Daisy K, Cruz S, Alicia B, Katherine H and Jessica Q for being recognised on numerous occasions for their responsibility. They will all receive their badges in the final assembly of the term.

As a House we are currently looking forward to the final half term at Mayfield school where we are able to focus on the Summer Fete and preparations for Sports Day. We want to ensure that we are continuing to push to be the best we can be. We have an upcoming reward event in school for those who are above 95% green on their Class Charts and will notify those students in due course.

Mr Flores

Intrepid

There have been some excellent examples of achievement in and out of school this half term for the Intrepid house. A great example of achievement outside of school is with Summer Collins in Year 9 who completed a 20 mile walk to raise money for the Anthony Nolan Charity!

Well done to Millie B, Mari P, Montgomery L, Caitlin D, Ronnie C, Sama B, Francesca O, Daisy Y and Zachary W for receiving the responsible badge in assembly this week after being identified as

a member of Intrepid house who is consistently responsible around school!

Since our last news letter, the Intrepid team have held their first primary-senior buddy meeting. The purpose of these meetings is to further grow the link between primary and senior pupils. A group of year 6 primary pupils were paired with a group of senior Intrepid pupils for some ice-breaker activities. We look forward to holding our next meeting before half-term!

Mr Gardner

Events

Careers Talks

During the house assemblies all secondary pupils had a talk from a member of our extended community who is a solicitor. He talked about his pathway to this career and role and responsibilities of the job. He was informative and has offered his time to come back and run a mock trial with pupils who are interested in this industry in the Autumn term.

Year 11 pupils have had the University of Portsmouth in for a talk about their futures post 18 and to think about degree apprenticeships and the aspiration of attending university.

Year 10 pupils have had assemblies from Havant and South Downs College and City Of Portsmouth College about their taster days next half term. They have selected their choices and more information will be coming

out on class charts about these trips.

Year 9 pupils have had a talk from HTP, an apprenticeship provider about what they offer and what an apprenticeship is all about. More resources about apprenticeships can be found at [Amazing Apprenticeships](https://amazingapprenticeships.com) (amazingapprenticeships.com).

Year 8 pupils have had two talks: one from a member of the extended community who was a nurse and has transferred to teaching at COPC. The second was from Steve Willis Training Centre who specialise in gas, electrical and plumbing apprenticeships. Both gave the pupils informative information about a variety of careers options, raising their awareness of the opportunities they have for when they leave Mayfield School.

Mrs Denford

Artist Workshop with HSDC

Some of our Year 9 pupils had the opportunity to have Mark Kellett, who is an art lecturer at Havant College, come into school to deliver an art workshop with them. He is also a practicing artist and has exhibited work in the local area. This was a great chance for our pupils to meet a local artist and gain some inspiration! Mark is leading on some artwork for the 'PortsFest' Arts Show this summer and the work he asked the Year 9s to create will go towards a piece that he is creating for the festival that will be exhibited at Hilsea Lido in June. This has given the pupils a great opportunity to have some of their own artwork displayed in the community, so keep an eye for the work next month!

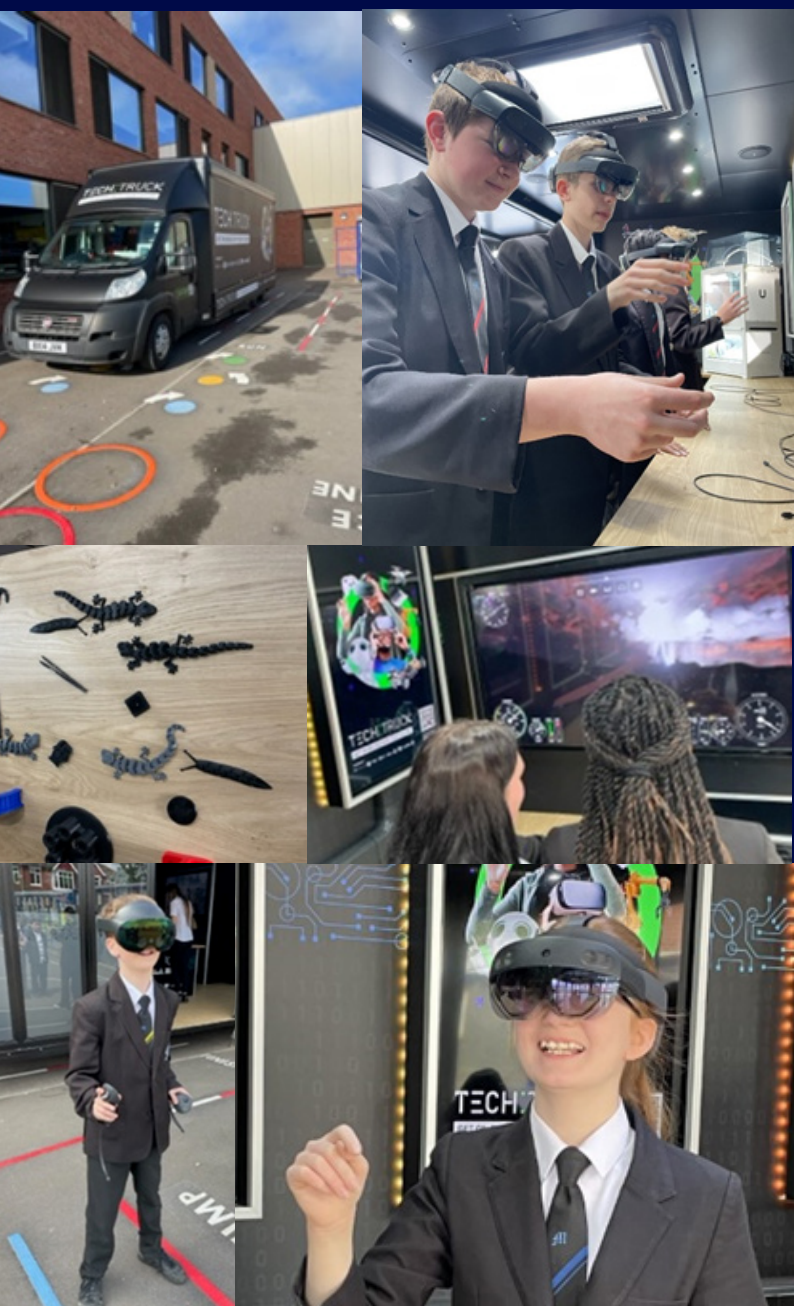

Mrs Denford

Tech Truck: HSDC Visit - 10th May 2023

On Wednesday 10th May, we had the tech truck visit for pupils from Year 5 - 10.

The pupils got to look at a 3D Printer and see items being printed out.

They also got to use the virtual reality headsets and explore how these work and play some problem solving games using them.

They also got to use the holo lens and explore some activities using these. The pupils also got to use the Xbox to fly a plane and there were laptops using coding games. The pupils really enjoyed this and got to think about the future types of careers and how this tech could be used. It was a great opportunity to see what the world of work may look like in the future and current developments in the tech industry.

The pupils were really responsible and respectful to the organisers. The organisers said our pupils were all engaged and took part asking great questions.

Mrs Denford

Your Future

Employer Interviews

24/03/23

Evaluation - The Results

EBP South asked students, teachers and businesses to feedback on the impact of the Employer Interviews which meets Gatsby Benchmarks 1, 3, 4, 5, and 8 and CDI Career Development Framework Skills.

Young People

154

STUDENTS TOOK PART IN THE EMPLOYER INTERVIEWS

WHAT YOUNG PEOPLE SAID THEY LEARNT

"That interviews aren't always as scary as people make them out to be."

"Don't respond robotically to employers, its okay to divulge in a little chitchat - depending on the employer of course."

"To always go in confident to really sell your self to the employer and not hold back on any questions you may want to ask."

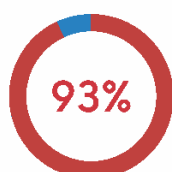

"To not overthink and be yourself."

"I'm the only one stopping myself from doing what I dream off and that I need to get out of my comfort zone."

"When stating a point on your CV, remember to build and reflect off it and learn from your mistakes."

"I have a better idea of how to present myself and express my passions."

"I think it was a great first experience, I have learned a lot from my first ever interview which is crucial for further interviews."

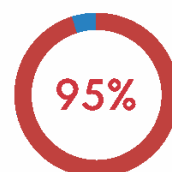

Of student respondents said "My presentation skills have improved."

Of student respondents said "I am now more confident when communicating with employers."

Of student respondents said "I can change the way I speak about a topic or communicate to someone depending on who I'm talking to (e.g. a friend vs an employer)."

Of student respondents said "I will now be more confident presenting myself in a job, college, apprenticeship or university interview."

WHAT THE EMPLOYERS SAID

"The students of Mayfield have been entirely engaging. The calibre of social skills on display, without exception, has been particularly impressive and a delight."

Rachel Darke - Drew Smith

"I was extremely impressed by the maturity and confidence shown by the Mayfield students today, Thank you."

Rod Edwards

Yes I would do this or a similar event again

100%

OF BUSINESSES SAID THAT THEY WOULD VOLUNTEER FOR THIS EVENT OR SIMILAR EVENTS

WHAT THE SCHOOL SAID

"The pupils made me really proud today. They were reflective and professional and we look forward to their feedback."

Rebecca Denford - Careers Lead

EBP SOUTH

"Student, school and employer feedback is valued by the EBP team. It helps us to work with our clients and improve services for them. Through our extensive partnerships and networks with employers we can create opportunities for students to have a wide range of high quality encounters. We hope these opportunities inspire and open up doors for them. Evaluating our services is important to EBP South as it feeds into our: quality assurance process, EBP outcomes for young people and Matrix accreditation." **Eleanor Cameron, Career and Quality Manager**

Business Speed Networking

20/04/2023

Evaluation - The Results

EBP South asked students, teachers and businesses to feedback on the impact of the Business Speed Networking Sessions which meets Gatsby Benchmarks 1, 2, 3, 4, 5, 6 and 8 and CDI Career Development Framework Skills

Young People

125

STUDENTS TOOK PART IN THE SESSIONS

WHAT YOUNG PEOPLE SAID THAT THEY LEARNT

"Many jobs are not as they seem and have more aspects to them."

"There are more jobs than the ones you hear about all the time."

"I didn't know there were so many jobs in the NHS."

"More knowledge of certain careers."

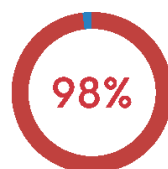

"That there are many more jobs out there than I originally realised."

"Information and other peoples experiences."

"I should always keep my options open."

"I have learnt that if you ask about different careers you will understand better."

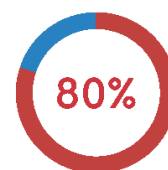

"To not give up and be persistent to achieve my dreams."

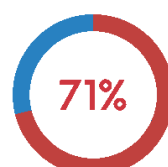

Of student respondents said "I've learnt about job types or careers that I didn't know about before today."

Of student respondents said "I have a better understanding of how workplaces are structured and the different roles people have."

Of student respondents said "I would now consider a career in Science, Technology, Engineering, Arts or Maths (STEAM)."

Of student respondents said "Today has changed their mind about future career ideas."

WHAT THE EMPLOYERS SAID

"Lovely opportunity to speak to many students and learn about their aspirations. A pleasure to offer and insight into careers they may not have considered."

Danielle Logan from Fareham College

"I expected it to be horrible, but it was great to talk to and, no word of a lie, inspire young people with what local businesses are doing globally."

Daniel Juchau from PALL

Yes I would do this or a similar event again

100%

OF BUSINESSES SAID THAT THEY WOULD VOLUNTEER FOR THIS EVENT OR SIMILAR EVENTS

WHAT THE SCHOOL SAID

"The pupils engaged well with a variety of career sectors raising their awareness of different employers and career paths available to them."

Rebecca Denford - Careers Lead at Mayfield

Friends Of Mayfield

The FOM are your school PTA and we are a group of parents and community members who volunteer our time to run events for our community to enjoy and raise money to spend on things that the school budget doesn't quite stretch to.

Thanks to the support of our school community, this year we have been able to pay for three author visits, wellbeing activities, and our fabulous new playground markings and height chart. We can only fund things like this with the support of our community to help organise, supervise and attend these events.

We are always looking for new ideas, volunteers and committee members, if this is something you are interested in please do get in touch on FOM@mayfield.portsmouth.sch.uk.

So far this term we have held a community quiz night and four

discos for Years R, 1, 2, 3 and 4 and provided refreshments for community and parents information evenings. We have our Year 5 & 6 discos coming up on Thursday 22nd June, tickets will go on sale via our ticket selling site on Monday 12th June, a link will be sent out for this on Class Charts next half term.

FOM Summer Fayre is our next big event, it is being held on Wednesday 12th July 1.30-4.30pm, there will be BBQ, ice-creams, slushies, inflatables as well as lots of games and stalls. If you are able to support us on this afternoon, please get in touch at the above email address. If you are interested in holding a stall at the event please email fomevents22@gmail.com. School will be closing early on this day to enable our families to make the most of this afternoon. Primary will finish at 1.50pm & seniors will finish at 1.35pm. Please come along and show your support.

Mrs Firth

Message from the Head of Primary

I am finding it difficult to comprehend that I am already writing my first newsletter contribution after having joined Mayfield six whole weeks ago! I can honestly say I have had the most wonderful welcome, the pupils have exceeded my expectations every day and I already feel very much part of a winning team.

We have enjoyed a great deal of celebrations and events including coming 3rd in the Dance Live! Final, Key Stage 2 SATS Week, 'Wear It Green Day' to promote the importance of positive Mental Health, Bikeability and Parents' Evening. One of my favourite experiences though has been of the King's Coronation Party and, in particular, the impromptu singalong to Sweet Caroline by

staff and children!

Next half term, we look forward to meeting our new Year R and Year 3 pupils for their September start, welcoming our new Year 3 pupils who will also join us in September, plus our Year 6 residential and our Friends of Mayfield Summer Fete.

It wouldn't be possible however to end this section without drawing attention to Miss Andrews' departure from Mayfield on 9th June. Whilst we know we should be excited for her adventures ahead, myself, the children and the staff will miss her immensely and wish her all the very best for the future!

Miss R Osbourne
Interim Head of Primary
Mayfield School

Year R

This half term, the children really enjoyed our 'All Creatures Great and Small' topic. We have explored all different animals, from tiny insects to Pearl the horse (we met her on our farm trip!) The Longdown Activity Farm trip was certainly a highlight for children and staff alike. The children took on the roles of farmers and helped look after the animals. We bottle fed baby goats, held chicks and guinea pigs, and then collected eggs for the farm shop. I was very proud of how polite and well-mannered our children were, they represented Mayfield School so well.

We have also welcomed some caterpillars into our classroom so we can look at how they turn into butterflies.

In our phonics lessons, we have continued to recap all the sounds we have learned since starting school. The children are now growing in confidence when it comes to reading longer words. We are now focusing on writing sentences and using capital letters, finger spaces and full stops.

In Maths, we have been exploring teen numbers and how the '1' represents 10! The children have used resources such as multilink and Numicon to support their understanding of this. We then moved on to addition and subtraction using the phrase 'First, then, Now' - 'First there were 5 people on the bus, then 2 more people get on, now there are 7 people on the bus!'

We have had lots of fun this half term and we look forward to what the next half term brings.

Mrs Farrell

Year 1

The children in year 1 have had an exciting time with our Gardener's World topic this half term. We visited Harold Hillier Gardens where we were classifying different trees, made smelly caterpillars, and explored pond dipping. We were very excited to catch newts, and different creatures in our nets.

In our science lessons we named common plants and trees and were able to name and locate the different parts of trees and plants.

CONT...

In Maths, we have enjoyed exploring counting in 2s, 5s and 10s, and making arrays. We also worked on sharing out equal groups with objects and numbers. In literacy we were reading the story 'Jack and the Jellybean Stalk.' We worked on extending our sentences using 'and,' 'or,' 'because,' exploring sweets and using adjectives to describe them to make our sentences more interesting. In phonics we have been reviewing our phase 3 and 5 sounds and working hard to recognise them in real and alien words ready for our phonic screening assessment in Summer 2.

Finally, the children in the Turtle class presented an amazing assembly to their parents, which showed what we have been learning in Year 1 this term.

Mrs Guy

Year 2

In Year 2, the children have enjoyed their topic of 'Animals and their Habitats.' We have been finding out all about microhabitats and why different creatures live there. We even found some microhabitats on our playground!

The children enjoyed their exciting morning making delicious jam sandwiches, before reading the book 'The Disgusting Sandwich' and then designing their own! Some children even made their 'disgusting' sandwiches in the garden at home! In maths, we have been looking at finding fractions of amounts and understanding time.

The children loved celebrating the Coronation of King Charles III. They had a fantastic time creating their own crowns and being royalty for the day!

As a year group we have really been enjoying our My Happy Mind sessions and have been practising applying these skills together. We have been working on solving problems together, taking turns and working as a team.

Miss Hanick and Miss Welch

Year 3

Year 3 have really enjoyed their 'Inventors' topic this term. We started the term by continuing our learning about the Romans with a specific focus on the inventions that the Romans brought to Britain and were fascinated to find out about all of the different items.

In Science, we learned how many inventions used magnets and spent lots of time using magnets to find out which things are magnetic or non-magnetic and how magnets work. At the end of our topic, as part of our DT unit, we invited parents in to our 'Crazy Invention fair' to show them inventions that the children had designed and made.

CONT...

In English, we have been learning about writing using direct speech and have enjoyed writing a mini story about Tuffy the Killer Cat.

In Maths, we have been measuring in grams and kilograms and have been reading scales which are numbered and unnumbered.

We also really enjoyed celebrating the King's coronation by making our very own Royal crowns.

We were also really lucky to have a visitor on Roman day who was dressed as a Roman soldier and could bring their learning to life. The children really enjoyed finding out new facts about the Romans, completing Roman themed role play, making aquaducts and trying on some Roman armour themselves.

Mrs Pountain

Year 4

The children in Year 4 have had a fantastic start to the summer term. The first week back, the children completed a sponsored run, in aid of the earthquake appeal. It was great to see the entire cohort running and being physically active – all for a good cause. It was an event that was enjoyed by all.

This half term also saw the start of swimming lessons in Year 4. Once a week, on a Thursday, the children attended lessons at Mountbatten. It was enjoyed by all and a real weekly highlight. Many of our children became more confident in the water as the weeks progressed.

In the summer term, in English, the children have been looking at the classic children's book, *The Twits* by Roald Dahl. The children were very engaged with the book and loved writing about the horrible, ugly characters and using some amazing descriptive language. The work produced was very neat and our focus on handwriting is really paying off.

Maths, this half term, has had the focus on times tables. The children have worked very hard at learning their tables and using Rock Stars both in school and at home. In Science, the children had fun building circuits and carrying out investigations. We had some real 'light bulb' moments in our lessons.

Mr Head

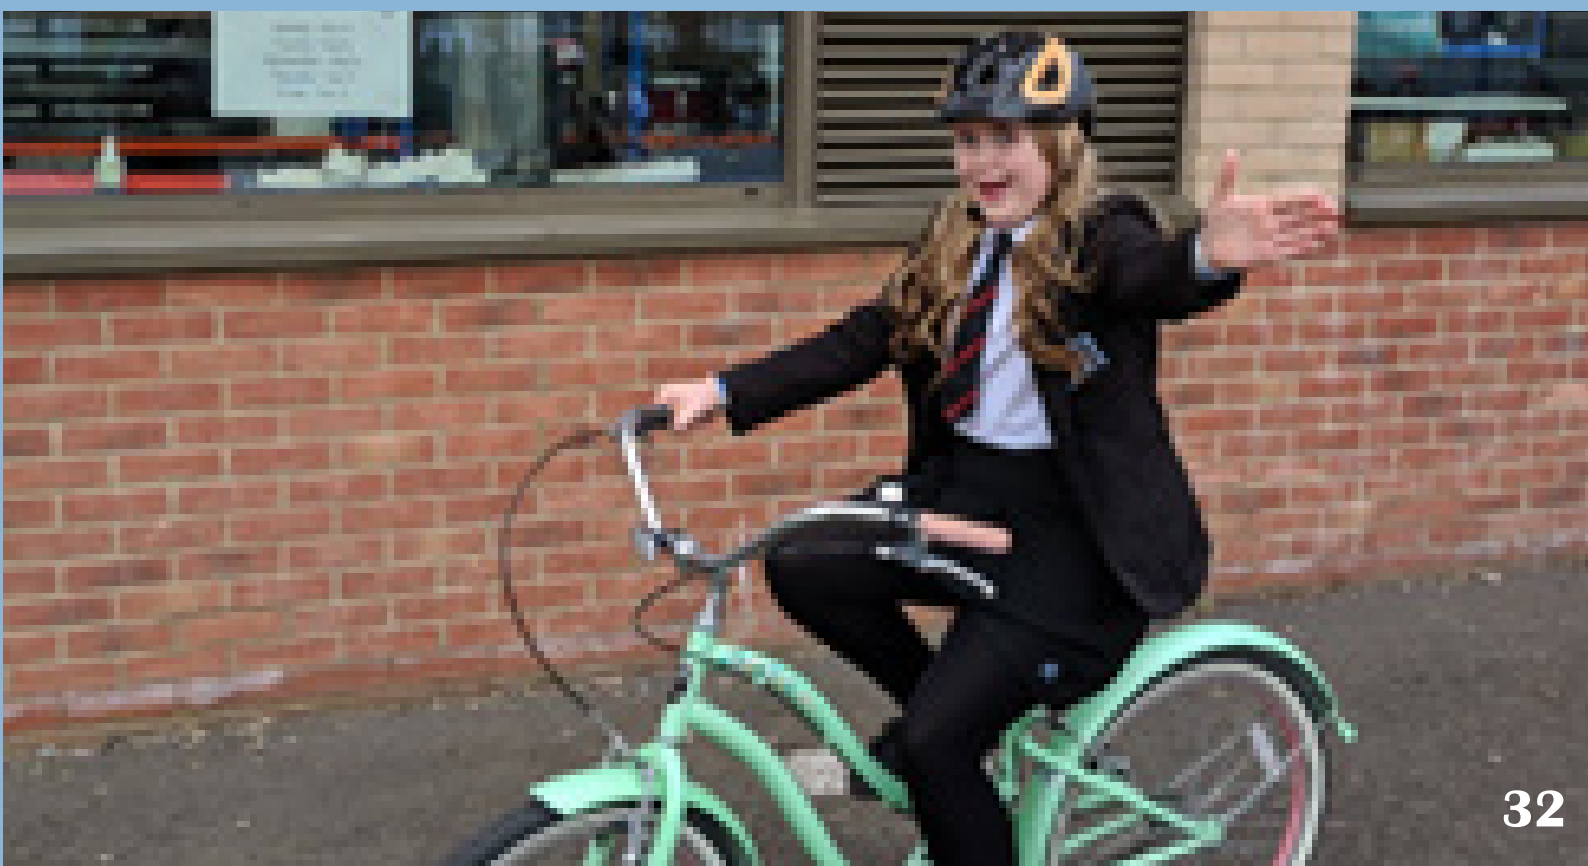

Year 5

This half-term, Year 5 have enjoyed learning about the British Monarchy through our topic: Who's Got the Power. The children explored the concepts of absolute and constitutional monarchy before learning about key time frames. They attempted their own versions of the Magna Carta, how the Civil War changed the power of monarchs and how the nation has been influenced by invasions since William the Conqueror.

The children enjoyed discussing the concept of power and how it can be manipulated in their writing unit on Romeo and Juliet. They explored how Shakespeare used themes in his writing and how modern day films and books are often based around his work.

CONT...

In Science, the children have been learning about living things and their life cycles, before using their analytical skills to compare and contrast different examples. Their knowledge of living things was also used in their explanation text, where they explored a fictional video of giraffes diving into a swimming pool.

The childrens' maths has been focused on decimals, and fractional equivalence. They have enjoyed using their knowledge of times tables in different contexts and growing in confidence in their mathematical abilities.

Year 5 also greatly enjoyed undertaking their Bikeability training and were excellent ambassadors to the school in passing the assessments- well done and great job Team 5!

Mr Newsam

Year 6

Year 6 have had an incredibly busy half-term but have taken every week in their stride. The first half involved preparing the children for their end of KS2 tests whilst continuing our learning about the Ancient Egyptians. During SATS week they were a credit to Mayfield School and all the staff involved in this process were extremely complimentary about the determination and effort the children put into these tests.

We have enjoyed planning, designing and creating our Egyptian death masks, alongside learning about the life of Cleopatra and her journey to power.

In science, we have been learning about light, and the unique properties it has. The children were particularly curious about why light cannot bend around corners and planned and carried out a variety of tests to explore this phenomenon.

In English, the children have enjoyed starting their new reading book 'The Nowhere Emporium' and are excited to see how this fantastic story unfolds. They have also been practising their letter writing and using a range of devices to engage the reader with their choice of language and vocabulary.

Mr Davies

School Calendar

First day back after May Half-Term: Monday 5th June 2023

May Half-Term: Monday 21st July 2023 - Thursday 31st August 2023

June	
5th June	Year 11 adjusted revision timetable starts
6th June	Primary School Nurse Clinic
6th June	Year 4 Multiplication tables check
7th June	Unloc/Verizon Changemakers trip (selected 8, 9 and 10)
7th June	Year 7 Camp Parents Evening
8th June	Protsmouth Tennis Tournament
8th June	Year R Parents' Induction Meeting
12th June	Year 3 Parents' Induction Meeting
12th, 14th, and 26th June	Year 5 Class trips to River Wellington
13th June	Year 2 Southampton SeaCity Museum trip
13th June	Meet the Headteacher Community Event
13th and 15th June	Mardi Gras Movement Workshop (selected)
19th to 21st June	Year 6 Residential
19th June	Year 6 Gunwharf Activity Day
19th June	Seahorse Class Assembly
20th June	Portsmouth Quadkids Tournament
21st June	HSDC College Taster Day
22nd and 29th June	Geography Field Trips

June

22nd June	Friends of Mayfield Year 5 and 6 Discos
23rd June	Inset Day
23rd June	Year 11 Leavers Assembly
23rd and 24th June	Duke of Edinburgh Bronze Award Expedition
26th June	Endeavour and Intrepid House Presentation Evening
26th June	Discovery and Victory House Presentation Evening
27th June	Portsmouth Quadkids Tournament
27th June	Year R Showcase
28th June	STEM trip to National Oceanography Centre
28th June	Atlantic Class Assembly
29th June	Final week of Year 4 swimming lessons
29th June	Mardi Gras Carinval
30th June	Primary Sports Day

July

3rd and 4th July	Portsmouth Transitions Days
3rd July	Portsmouth College Taster Day
4th July	Year 7 Parents' Induction Meeting
6th July	Enterprise Reward Trip to New Forest Water Park
6th July	Year 11 Prom

July

10th July	Aegan Class Assembly
w/b 10th July	Senior Section Activities Week
11th July	Primary School Nurse Clinic
11th July	Year 2 End of KS1 Celebration Performance
12th July	Friends Of Mayfield Summer Fayre
13th July	Senior Section Sports Day
13th July	Portsmouth Music Hub Prom
14th July	Little Sunbeams Graduation
17th July	End of Year Reports sent home
17th to 20th July	Year 7 Camp in New Forest
18th July	Year 6 End of KS2 Celebration Performance
21st July	Early School Closure

August

24th August	GCSE Results Day
