

Nursery Newsletter

The class topic is Spring. Their sunflower seeds will be going home this week. Do not forget and watch how they grow. It would be lovely if you could take pictures of their sunflowers so we can see how tall they are getting.

Learning aims are linked to class subject:

- Planting vegetables for our garden.
- Gain an awareness of what plants need to grow.

To support our class topic, if you have compost, seeds, plants any pots you do not need, could you donate them to school?

Thank you for your donations of fruit, and voluntary contribution towards the cost of snacks. Without your support we could not offer this provision.

Parent Information

We will be holding a parents' evening on Friday 21st of June; appointment sheets will be available from the Monday 10th of June.
