

Nursery Newsletter

The class topic is Spring. In class we will be planting sunflower seeds to take home and watch how they grow. It would be lovely if you could take pictures of their sunflowers so we can see how tall, ask the children what colour it is, are there any shapes.

Learning aims are linked to class subject:

- Begin to ask simple questions.
- Learn new vocabulary linked to class topic.
- Planting vegetables for our garden.
- Gain an awareness of what plants need to grow.
- Musical movement, floating like blossoms, buzzing like a bee.
- Create blossom trees and bumble bees for class display.

To support our class topic, if you have compost, seeds, plants any pots you do not need, could you donate them to school.

Colour, Shape and Number in class during topic will be?

Orange, Circle No 7

Could you create a collage and bring them back into class, as we use their lovely work to promote language, speech sounds, and build their vocabulary.

Thank you for your donations of fruit, and voluntary contribution towards the cost of snacks. Without your support we could not offer this provision.

Dates for Diary

18th May coffee morning 10am till 12 o'clock

21st June Inset day.
