

Pre-school Newsletter

Our topic in class is Spring. The children will be looking at Planting and Growth. We shall be looking at similarities, differences, and change. In class we are planting flowers and plants for our garden. If any parents could donate any seeds, plants or compost to support us with our class topic, we would be most grateful.

Learning intentions linked to class subject:

- Talk about the differences in the seed they plant;
- Use key vocabulary to describe change;
- Mathematics, measure growth and make comparison;
- Finding one more/one less than.

The letter sound for the week will be 'Y' -we will look forward to seeing your children's creations as we use their work at circle time on a Thursday to promote speech sounds.

As the weather is beginning to get warmer permission slips for applying suntan lotion will be going home.

On a safeguarding issue, can I ask you to stop your children from climbing onto the metal fence. It is not safe, and we do not allow this to happen when the children come into the setting -please can we work together in reminding the children that it's not allowed and the reasoning behind this.

Finally, on Friday 27th May it will be a non-uniform day, we are having a 'Street' Party' in school to celebrate the Queens Platinum Jubilee.

Dates for Diary

Half term 30th May-3rd June

Inset day 24th June

Last day of Summer term 22nd of July
