

Pre-school Newsletter

Our topic in class is 'Spring'. The children will be looking at Planting and Growth. The aim of our topic is so the children gain an awareness of what foods come from plants and how to look after plants.

Learning intentions linked to class subject.

- What do we need for a plant or seedling to grow.
- Do you know what food we can get from plants.
- How do we look after plants.
- Introduce new vocabulary linked to topic.

The letter sound for the week will be 'V', we look forward to seeing your children's creations as we use their work at circle time on a Thursday to promote speech sounds.

Appointment sheet are available now to book your time for parent evening, it will be via micro soft teams. Please RSVP to the email.

Could I ask if you have any seeds, plants, or compost that you don't need could you donate to school to support the class topic thank you in advance.
