

Pre-School Newsletter

Our topic will continue with the theme Space. We are designing spaceships and going to make robots out of available resources. These types of activities give the children lots of learning opportunities to communicate their ideas and introduce new vocabulary.

Learning Intentions linked to topic:

- Construct and join using available resources.
- Decision making and problem solving.

Our word wall has one more word added they are:

A, To, It, I, In, And, Was, The, Of, We, Had.

These words can be found in the high frequency booklet that you are using with your children at home to support speech. We are now going to try to use these words to make a sentence.

Thank you for your donations of fruit and voluntary contributions towards snack.

Reminders:

We have children in our setting with severe Nut allergies. Please check the labels of items that you put into your children's lunch box. Anything which may have even traces of nuts will be returned home to you.

If your child rides a scooter to school, you will need to take the scooter back home with you as we do not have the space on our premises to store these for you. Thank you in advance for your understanding.

Next coffee morning will be 20th May 10.00am to 12.00 noon.

Sports day will be on the 23rd of June 10am till 12 o'clock, for those leaving to go to school. We are holding this event on our inset day school will be closed.

I can now confirm the date for the Graduation is going to be 14th of July.

Mrs Isobel Edwards head of pre-school & nursery.
