

Pre-School Newsletter

Our topic in class will be Spring, we shall be looking at planting and growth. We will be looking at similarities, differences and change. These types of activities give the children lots of learning opportunities to communicate their ideas and introduce new vocabulary. In class we are planting flowers and vegetables for our garden, if any parents could donate seeds or compost to support our topic, we would be most grateful.

Learning Intentions linked to topic:

- Create a care plan for the flowers and vegetables'
- Mathematics measure growth of plants make comparisons.
