

Pre-School newsletter

Dear Parents

Our topic will continue with the theme Autumn. In class we will be discussing how the leaves on the trees are starting to change colour and why these changes happen.

Learning intentions linked to the class subject:

- 1.Show an interest in their natural environment.
- 2.Create artwork with the colours we see on the trees in the Autumn season.
- 3.Develop an awareness of syllables by clapping the syllables in their name.

In pre-school class we have a letter sound of the week this will be 'C.' could you create a collage with your children and return to class by Thursday, as we use the children's lovely work at carpet time to promote speech sounds.

We have had some lovely work back thank you for taking the time to create this collage with your children.

Can I ask you to send your children into school with their coat, so they can play outside as the weather is starting to get cooler throughout the day.

We will be holding parent evening on Friday the 3rd of November appointment sheets will be available from Monday the 16th of October.

Don't forget you can always find our newsletter online if you go onto the Mayfield's school website tap onto Sunbeams our newsletter is under pre-school messenger.

Have a lovely week.
