

## Curriculum Re-engagement Programme

Subject: IT/Computing & Business

SL: CLA

DOL: HEA

	Adaptations
New Year 7	IT/Computing – No Change as for yet, will be bringing in some new units to try out before we move to the 3 years KS3 Plan
New Year 8	IT/Computing – No Change as for yet, will be bringing in some new units to try out before we move to the 3 years KS3 Plan
New Year 9	IT – no change Computing – Moved to the new 3 Year plan (new Spec in for OCR Computing) Business – no change
New Year 10	IT – Closing gaps on Unit 1 CW 1&2 CLA to mark both units and internally moderate when ready. Unit 1 should be finished and moderated by Christmas Computing – New SOW in place, CLA has met with BLE to run through plan, we have changed the 2-year plan to pick up gaps from Year 9. BLE to feedback to CLA in meeting a couple of weeks. Business – 2 Year plan in place, which is being followed by the team, small changes have been made to close gaps from Year 9, but sections which were missed will be covered.
New Year 11	<p>The exam board haven't/ have made changes which include.... We now anticipate completing the teaching element of the course by ..... this will extend/reduce the amount of time we usually have for revision by....weeks. We will address this by...</p> <p>IT – No change from the exam board, students focusing on Unit 3 Exam unit. CLA to put together revision and exercises to better support independent and home learning.</p> <p>Computing – Changes made by the board: GCSE Computer Science (9-1) J276 The Programming Project remains a requirement and students should be given 20 hours of time to complete the Programming Project. Students do not need to be directly supervised by their teacher when completing the Programming Project. This means that students may now complete the Programming Project remotely at home or in school, or a mixture of both. A sample of Programming Project work will <b>not</b> need to be submitted in May 2021. Centres will <b>not</b> be required to submit a CCS161 form. Centres must still log the time each candidate spends on the Programming Project. Keep this log securely within the centre. You do not need to send it to us.</p> <p>Business – No changes made by the exam board, units have not moved, we have left a good section of time to close gaps at the end of the course.</p>
